STRENGTHS

- Clinical Judgment**
Applied clinical judgment effectively during emergency interventions, often gaining trust from medical teams.
- Patient Communication**
Cultivated strong patient relationships by practicing clear communication. Patients often praised approachability and clarity.
- Team Collaboration**
Fostered teamwork within multidisciplinary groups, leading to improved coordination in patient-care strategies.
- Adaptability**
Demonstrated adaptability while switching between various departments during staffing shortages, proving resilience and versatility.
- Holistic Care Approach**
Implemented holistic care strategies that not only treated illness but addressed emotional needs—patients reported higher satisfaction rates.

SUMMARY

Dedicated Advanced Practice Registered Nurse with over five years in critical care settings. Successfully collaborated with interdisciplinary teams, enhancing patient outcomes through holistic care approaches. Utilized strong background in patient assessments, diagnostic procedures, and treatment planning. Committed to evidence-based practices, contributed to clinical standards' developments, and ensured optimal patient outcomes. Eager to join Vanguard Medical Group, continuing a career focused on improving healthcare delivery and patient satisfaction.

EXPERIENCE

Advanced Practice Registered Nurse

Pinnacle Health Services 📅 January 2024 - Present 📍 Chicago, IL

Deliver comprehensive care for critically ill patients, ensuring adherence to established clinical standards. Collaborate closely with healthcare teams to implement personalized patient strategies. Maintain meticulous documentation of patient progress to support continuity and quality of care.

- Conduct thorough physical examinations and order essential diagnostic tests.
- Interpret test results effectively, guiding sound treatment decisions.
- Engage with healthcare teams, providing education on implementation of care plans.
- Regularly assess and adjust care protocols based on patient responses.

Nurse Practitioner

Mercy Health Partners 📅 June 2021 - December 2023 📍 Aurora, IL

Managed chronic illnesses and coordinated care processes as part of a dedicated health team. Focused on preventive strategies while strengthening patient education initiatives, improving overall population health outcomes.

- Executed in-depth patient assessments and liaised with diagnostic services.
- Carefully evaluated treatment effectiveness and modified plans accordingly.
- Developed robust educational materials to guide patients and families.
- Collaborated with both physicians and nurses in refining care protocols.

Registered Nurse

Heartland Medical Center 📅 August 2019 - May 2021 📍 Elgin, IL

Provided direct patient care in high-acuity environments, emphasizing team collaboration and evidence-based safety practices. Supported emotional needs and education for families amid critical healthcare situations.

- Administered medications and treatments accurately and compassionately.
- Monitored patient conditions closely, analyzing shifts in health states.
- Participated actively in departmental meetings to enhance care quality.
- Supported interdisciplinary rounds to ensure cohesive patient management.
