SUMMARY

Dedicated Advanced Practitioner with over five years in healthcare, leading patient assessment, treatment, and education initiatives. Proven collaborator with multidisciplinary teams focused on improving patient outcomes and satisfaction. Demonstrated skill in conducting comprehensive physical examinations and developing effective treatment plans tailored to individual patient needs. Committed to continuous professional growth through ongoing education and clinical research involvement. Passionate about providing high-quality care and fostering a positive environment for patients and families. Looking forward to leveraging expertise at MediCare Health Solutions to enhance patient care and operational efficiency.

EXPERIENCE

Healthcare Intern

University Research Lab 📅 June 2025 - Present 📍 Philadelphia, PA

Gain hands-on experience supporting physicians and patients. Conducted assessments under supervision, facilitated treatments, and engaged in quality improvement projects. Utilized electronic medical records for documentation accuracy. Actively participated in developing educational materials for patients, improving health literacy.

- Assisted licensed practitioners with patient assessments and treatment delivery.
- Conducted patient interviews gathering thorough medical histories and performing physical examinations.
- Engaged in quality improvement initiatives, enhancing protocols that directly improved patient care.
- Developed informative patient education materials aimed at increasing health awareness details.
- Collaborated on the implementation of a new electronic medical records system, facilitating precise billing.
- Participated in virtual assessments; employed online platforms for efficient, patient-focused consultations.

Clinical Assistant

MediCare Health Solutions 📅 January 2024 - May 2025 📍 Philadelphia, PA

Contributed to exceptional patient care within a dynamic clinical environment. Evaluated and documented cases while ensuring seamless communication between teams. Focused on compliance with standards to enhance treatment efficacy.

- Supported healthcare providers in delivering timely and quality patient care.
- Evaluated patient conditions and assisted in diagnostic procedures, interpreting results under supervision.
- Streamlined coordination between disciplines, optimizing treatment protocols based on patient needs.
- Maintained compliance by documenting detailed patient records reflective of regulatory standards.
- Engaged in ongoing education programs to advance clinical knowledge and skills.
- Participated in teaching nursing students, nurturing their learning experience within practical settings.

Patient Care Volunteer

St. Luke's University Health Network 📅 September 2022 - December 2023 📍 Bethlehem, PA

Provided compassionate support across various departments, enhancing patient comfort and safety through dedicated assistance. Engaged actively in community initiatives focusing on health education.

- Delivered empathetic, supportive care to improve patient experiences in diverse healthcare settings.
- Aided nursing staff by contributing to assessments, assisting in documentation, and rounding.
