SUMMARY

Dynamic and detail-oriented Advisory Product Requirements Engineer with over five years of experience in aligning technical solutions with business objectives within the AI sector. Expertise spans translating complex business needs into actionable technical specifications while successfully delivering enterprise-level AI solutions. A strong background in collaborating with cross-functional teams ensures effective product delivery and value realization across diverse projects. Proven ability to address technical inquiries promptly, monitor R&D processes efficiently, and maintain marginal project timelines, resulting in enhanced outcomes and satisfaction for all stakeholders involved.

EXPERIENCE

Advisory Product Requirements Engineer

Tech Innovations Inc. 📅 January 2023 - Present 📍 Charlotte, NC

Act as liaison between business units and technical teams, developing clear and actionable technical specifications that drive successful project implementations.

- Conduct thorough analysis of business needs, ensuring seamless translation into standardized technical documentation.
- Collaborate with AI Engineers assessing proposed solutions, maintaining alignment with overarching business objectives.
- Monitor R&D processes actively, addressing any technical queries swiftly to uphold timely project completion.
- Facilitate stakeholder engagement to refine project goals and deliverables, enhancing overall project outcomes.

Product Requirements Engineer

FutureTech Solutions 📅 March 2021 - December 2022 📍 Greensboro, NC

Focused on creating comprehensive product requirement documents guiding engineering teams through effective project execution.

- Engaged with stakeholders in workshops aimed at defining project goals, thereby ensuring alignment with strategic business initiatives.
- Worked alongside cross-functional teams to consolidate approach methodologies around product requirement specifications.
- Drove the development of technical solution documents to steer complex projects from inception through deployment.
- Prepared roadmaps illustrating key milestones necessary for successful implementation and delivery.

Technical Analyst

TechWave Solutions 📅 June 2019 - February 2021 📍 Raleigh, NC

Supported engineering teams through detailed analysis centered around both business requirements and technical feasibility assessments.

- Assisted in compiling technical solution documents which informed ongoing project directives and restructuring as needed.
- Played a pivotal role in prototype evaluations by integrating business needs assessments contributing to greater innovation in designs.
- Communicated effectively across team landscapes clarifying technical integrations geared toward satisfying client end goals.
- Contributed valuable insights and feedback loops for improvement aligned with tightening operational priorities and adjustments.

LEADERSHIP & AWARDS

- Certified AI Solutions Architect
- Certified ScrumMaster (CSM)

EDUCATION

Bachelor's Degree in Computer Science

North Carolina State University 🎓 GPA: 3.8 📅 2019 📍 Raleigh, NC

Coursework: Data Structures, Algorithms, Software Engineering, AI Fundamentals

CERTIFICATIONS

- Certified AI Solutions Architect 📅 2022
- Certified ScrumMaster 📅 2021

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C++
- **Frameworks:** TensorFlow, PyTorch, Django
- **Cloud Platforms:** AWS, Azure, Google Cloud
- **Database Technologies:** MySQL, PostgreSQL, MongoDB

- **Collaboration Tools:** JIRA, Confluence, Trello
- **Project Management Tools:** Asana, Microsoft Project, Slack
- **Version Control Systems:** Git, SVN, Bitbucket
- **Testing Tools:** JUnit, pytest, Selenium
- **Methodologies:** Scrum, Kanban, Waterfall
- **Analytics Tools:** Tableau, Power BI, Excel

SKILLS

- AI Solution Design
- Technical Documentation
- Cross-Functional Collaboration
- Project Management
- Agile Methodologies
- Feasibility Analysis
- Business Needs Assessment
- Prototype Evaluation
- Stakeholder Engagement
- Technical Specifications
- R&D Processes Monitoring
- Solution Framework Development
- Team Coordination
- Risk Management
- Documentation Management
- Design Thinking

PROFESSIONAL AFFILIATIONS

- Member of the AI Engineers Association
- Participant in National Agile Conference

LANGUAGES

- English (Native)
- Spanish (Proficient)
