STRENGTHS

- Team Collaboration**
Fostered collaborative environments leading to enhanced problem-solving skills and innovative outcomes.
- Technical Acumen**
Showcased proficiency in Python and SQL while creating efficient data solutions tailored to project needs.
- Analytical Thinking**
Able to dissect complex problems and synthesize data for actionable insights, gaining team's respect.
- Creative Problem Solving**
Integrated unique approaches for improving data analysis workflows, igniting team discussions.
- User-Centric Mindset**
Designed solutions focused on user experience, ensuring positive impacts on end-users' workflows.

SKILLS

Python SQL

Google Cloud Platform

Data Analysis Machine Learning

Artificial Intelligence Collaboration

Problem Solving Data Visualization

Software Development

Technical Writing

Database Management

API Integration Cloud Services

Business Analytics

Statistical Analysis

SUMMARY

Dedicated AI Engineer with a robust background in developing innovative solutions that enhance business processes. Experience includes designing user experiences powered by AI, collaborating with data architects to create intelligent workflows utilizing Google Cloud APIs, and translating complex data into accessible insights through user-friendly dashboards. Passionate about seamlessly integrating technology into the insurance sector while nurturing strong partnerships across teams to foster creativity and performance. Seeking opportunities to contribute to high-impact projects that drive organizational success.

EXPERIENCE

AI Engineer

Tech Innovations LLC 📅 January 2024 - Present 📍 Chicago, IL

Engaged as an AI Engineer to deliver cutting-edge AI solutions for diverse client requirements. Collaborated closely with data architects and software engineers to innovate actionable insights through AI-enhanced user experiences.

- Designed and implemented AI-driven solutions that improved overall project effectiveness.
- Utilized Google Cloud APIs systematically, streamlining data processing workflows significantly.
- Crafted interactive dashboards that translated complex analyses into user-friendly formats.
- Worked collaboratively across teams, enhancing integration of AI within existing systems.

Junior Data Analyst

Smart Tech Solutions 📅 June 2022 - December 2023 📍 Chicago, IL

Contributed as a Junior Data Analyst focused on developing models and conducting thorough data analysis to bolster operational efficiencies within the organization. Engaged actively in team discussions to embrace creative problem-solving methodologies.

- Assisted in building data models contributing to informed decision-making.
- Conducted comprehensive data visualizations utilizing both Python and SQL.
- Participated in innovative brainstorming sessions aimed at enhancing data utilization.
- Facilitated cross-functional meetings for implementing novel data strategies.

LEADERSHIP & AWARDS

- Received Employee of the Month recognition for driving key project initiatives successfully.
- Awarded Best Team Collaboration for contributing to a major AI implementation project.

EDUCATION

Bachelor's Degree in Computer Science

University of Illinois at Urbana-Champaign 🎓 GPA: 3.8 📅 2022 📍 Champaign, IL

Coursework: Data Structures, Algorithms, Machine Learning, Database Management

CERTIFICATIONS

- Google Cloud Professional Data Engineer 📅 2023
- Certified Python Programmer 📅 2026

TECHNICAL SKILLS

- Programming Languages:** Python, SQL, JavaScript
- Data Technologies:** Pandas, NumPy, TensorFlow
- Cloud Platforms:** Google Cloud, Azure, AWS
- Visualization Tools:** Tableau, Power BI, Matplotlib
- Databases:** MySQL, MongoDB, PostgreSQL

LANGUAGES

English Native

Spanish Intermediate

MY CAREER

● AI Engineer at Tech Innovations LLC (2.4 Years)

● Junior Data Analyst at Smart Tech Solutions (1.5 Years)

- **Frameworks:** Django, Flask, React
- **APIs:** RESTful, GraphQL, SOAP
- **Agile Methodologies:** Scrum, Kanban, Lean
- **Development Tools:** Git, JIRA, Confluence
- **Machine Learning Tools:** Scikit-learn, Keras, OpenCV

PROFESSIONAL AFFILIATIONS

- Member of the Chicago AI & Data Science Meetup group, sharing insights and learning from peers.
- Volunteer with local coding bootcamps, mentoring students in Python programming languages.
