SUMMARY

Motivated AI Engineer with 2 years of hands-on experience in cloud technologies and machine learning concepts. Proven ability to prototype innovative solutions and assist in enhancing user productivity through technology. Eager to leverage expertise in scripting and cloud platforms for impactful project success. Thrives on collaboration, building prototypes while appreciating user feedback. Understanding of large language models and their applications adds a unique perspective to technical discussions. Whether automating tasks or engaging with the engineering team, enthusiasm for technology shines through every task.

EDUCATION

Bachelor's Degree in Computer Science

University of Texas at Austin GPA: 4.0

2026

Austin, TX

Coursework: Data Structures, Software Engineering, Cloud Computing, Machine Learning

TECHNICAL SKILLS

- **Cloud Platforms:** AWS, GCP, Azure
- **Programming Languages:** Python, JavaScript
- **Machine Learning Libraries:** TensorFlow, PyTorch, Scikit-learn
- **Development Tools:** Git, JIRA, VS Code
- **API Technologies:** REST, OpenAI API
- **Research Platforms:** Kaggle, Colab
- **Data Processing:** Pandas, NumPy
- **Deployment Tools:** Docker, Kubernetes
- **Presentation Tools:** Google Slides, PowerPoint
- **Database Management:** MySQL, MongoDB, Firebase

SKILLS

- AWS
- AI/ML Concepts
- OpenAI API
- Software Engineering
- GCP
- Google Workspace
- Automation
- Task Automation
- Python
- Prototyping
- Cloud Computing
- Prompt Engineering
- JavaScript
- Scripting
- Data Visualization

EXPERIENCE

AI Engineer Intern

Cloud Solutions Corp.

June 2025 - Present

Houston, TX

Focused on developing AI features by collaborating closely with engineers. Hands-on involvement in testing AWS and GCP-based solutions enhances product reliability. Documented insights from users pinpoint improvement areas. Crafted scripts that automate daily tasks, boosting team efficiency.

- Collaborated with the engineering team to develop innovative AI prototypes.
- Assisted in testing and validating cloud solutions using AWS and GCP effectively.
- Documented user feedback to identify areas for improvement and enhance product features.
- Developed automation scripts for repetitive tasks within Google Workspace.

Software Development Intern

Tech Innovations LLC

June 2024 - May 2025

Dallas, TX

Gained foundational software development experience and explored machine learning's practical aspects. Contributed to design phases while understanding real-world applications and challenges of algorithms and data visualization.

- Participated actively in designing and implementing software applications.
- Curious about machine learning, gained experience applying algorithms effectively.
- Engaged deeply in projects focusing on data analysis and visualization in Python.
- Built effective communication skills through cross-team collaborations.

LEADERSHIP & AWARDS

- Google Cloud Certified – Associate Cloud Engineer (2025)

- AWS Certified Solutions Architect – Associate (2025)

CERTIFICATIONS

- Google Cloud Certified – Associate Cloud Engineer 📅 2025
- AWS Certified Solutions Architect – Associate 📅 2025

PROFESSIONAL AFFILIATIONS

- Member of National Society of Black Engineers
- Participant in Austin Tech Meetups

LANGUAGES

- English (Native)
- Spanish (Intermediate)

ADDITIONAL INFORMATION

Work Status : Authorized to work in United States. No sponsorship required.
