SUMMARY

A results-oriented software engineer with over four years in AI and RPA development. Proven track record of designing and implementing solutions that boost operational efficiency, especially in healthcare environments. Excellent collaboration skills enhance teamwork and ensure project timelines are met. Committed to staying ahead with new technologies to improve system functionality and user experience. Experience includes writing clean Python code while maintaining high standards in deployment processes. Ready to engage in innovative projects at Jorie Innovations and contribute towards significant advancements in RPA and healthcare automation.

EDUCATION

Bachelor's Degree in Computer Science

University of Illinois | GPA: 3.5

2019

Champaign, IL

Coursework: Data Structures, Algorithms, Database Management, Software Engineering

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Robotic Process Automation:** UiPath, Automation Anywhere
- **Continuous Integration:** GitLab, Jenkins
- **Machine Learning Frameworks:** TensorFlow, PyTorch
- **Cloud Services:** AWS, Azure
- **Containerization Technologies:** Docker, Kubernetes
- **Healthcare Standards:** FHIR, HL7
- **Version Control Systems:** Git, GitHub
- **Testing Tools:** JUnit, Postman
- **Documentation Tools:** Markdown, Confluence

SKILLS

- Python
- Git
- FHIR
- Machine Learning
- RPA
- CI/CD
- HL7
- Cloud Computing
- AI/ML
- AWS
- Java
- Interoperability Standards
- Docker
- Azure
- Artificial Intelligence

EXPERIENCE

Software Engineer

March 2023 - Present

Tech Solutions Inc.

Chicago, IL

Lead development efforts for AI-driven applications aimed at improving healthcare operations. Collaborate with cross-functional teams to define project specifications and ensure customer satisfaction. Implement continuous integration and delivery methodologies to streamline release cycles effectively. Mentor junior developers on coding best practices and architecture design.

- Developed AI solutions that enhanced productivity across healthcare systems.
- Collaborated with business stakeholders to refine project goals and meet deadlines.
- Implemented CI/CD processes, enabling seamless application deployments.
- Provided coaching to junior team members, fostering skill growth.

Software Developer

January 2021 - February 2023

Innovatech Corp.

Naperville, IL

Focused on building software applications for robotic process automation solutions. Integrated various third-party APIs to enhance compliance with industry standards. Conducted extensive testing ensuring reliability and quality in deliverables.

- Designed and developed RPA-oriented applications enhancing strategic workflow.
- Worked on integrating healthcare data systems to adhere to key interoperability standards.
- Performed unit testing and debugging to uphold software integrity.

- Collaborated actively within a team environment to achieve set objectives.

Junior Software Developer

June 2019 - December 2020

FutureTech Labs

Aurora, IL

Supported the development of solutions specifically tailored towards healthcare automation projects. Actively engaged in documentation processes and participated in code evaluations.

- Assisted in developing software outlined for healthcare sector improvements.
- Contributed to code review sessions enhancing program quality and structure.
- Gained practical understanding in utilizing Python and cloud technologies.
- Documented coding procedures, enriching resource availability for future projects.

LEADERSHIP & AWARDS

- Achieved Employee of the Month at Tech Solutions Inc. for outstanding contributions to project success.
- Received the Innovatech Distinction Award for excellence in teamwork and innovative problem-solving.

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA) 📅 2022
- AWS Certified Solutions Architect - Associate 📅 2021

PROFESSIONAL AFFILIATIONS

- Active member of the IEEE Computer Society, contributing to local community tech initiatives.
- Volunteer with Code.org, teaching programming basics to young students to foster interest in technology.

LANGUAGES

- English (Native)
- Spanish (Proficient)

ADDITIONAL INFORMATION

Work Status : Authorized to work in United States. No sponsorship required.
