

Silas McCormick

AI Workflow Engineer

 (312) 555-6789  silas.mccormick@example.com  linkedin.com/in/silasmccormick  123 Elm Street, Chicago, IL 60601

STRENGTHS

-  **Collaboration**
Facilitated partnerships among diverse teams; built trust leading to effective communication.
-  **Adaptability**
Embraced new challenges swiftly, turning obstacles into opportunities for innovation.
-  **Technical Acumen**
Mastered critical AI tools, guiding others through complex integrations to meet deadlines.
-  **Analytical Skills**
Broke down intricate problems; developed actionable solutions driving positive outcomes.
-  **Effective Communication**
Simplified complex concepts for stakeholders; fostering clarity and informed decisions.

SKILLS

- AI Integration
- Software Development
- Data Workflow Optimization
- Communication
- Project Management
- Problem Solving Machine Learning
- Team Collaboration
- Research Analytics Programming
- Agile Methodologies
- Cloud Services
- Database Management
- System Architecture

SUMMARY

Results-driven AI Workflow Engineer with over 5 years of experience developing and optimizing data workflows for research applications. Proven expertise in integrating AI technologies to enhance operational efficiency and drive innovation. Skilled in collaborating with cross-functional teams to deliver impactful solutions that meet and exceed project goals. Adept at communicating complex technical concepts to non-technical stakeholders, ensuring alignment and understanding. Passionate about solving intricate problems while fostering a culture of collaboration and continuous improvement.

EXPERIENCE

Data Workflow Engineer

TechFlow Solutions  January 2022 - Present  Chicago, IL

Focused on designing and implementing data workflows that improve processing speed for research projects. Collaborated with scientists to understand their needs, resulting in custom AI solutions tailored to various challenges. Responsible for maintaining existing workflows, ensuring data quality and accessibility.

- Designed and implemented data workflows improving processing speed by 30%.
- Collaborated with research scientists to identify nuanced requirements.
- Developed AI-enabled solutions tailored to specific research challenges.
- Maintained and optimized existing workflows to ensure efficient data availability.

Software Development Engineer

InnoTech Labs  June 2019 - December 2021  Evanston, IL

Developed software applications integrating AI and machine learning algorithms dedicated to automating data analysis processes. Worked closely with project managers and contributed to defining project scope effectively.

- Produced multiple software applications for AI and ML integration.
- Worked closely with project managers to define project needs.
- Led junior developers, sharing best practices for enhanced productivity.
- Automated data analysis, significantly reducing manual input requirements.

Graduate Research Assistant

University of Illinois  August 2016 - May 2019  Champaign, IL

Contributed to the development of AI models essential for advanced data analysis as part of an academic research initiative. Assessed model performance through rigorous experimentation and validation.

- Assisted in developing AI models for enhanced data analysis capabilities.
- Conducted experiments validating model accuracy and effectiveness.
- Presented research findings at various academic conferences.
- Collaborated with faculty to refine procedures and methodologies.

LEADERSHIP & AWARDS

- Recipient of the TechInnovator Award for outstanding contributions in AI project development.
- Recognized as Top Employee for teamwork and innovative solutions at TechFlow Solutions.

EDUCATION

Master's Degree in Computer Science

Requirements Analysis

Quality Assurance

LANGUAGES

English Native

Spanish Intermediate

MY CAREER

● Data Workflow Engineer at TechFlow Solutions (4.4 Years)

● Software Development Engineer at InnoTech Labs (2.5 Years)

● Graduate Research Assistant at University of Illinois (2.8 Years)

University of Illinois 🎓 GPA: 3.8 📅 2020 📍 Champaign, IL

Coursework: AI Algorithms, Data Structures, Machine Learning, Database Systems

CERTIFICATIONS

- Certified AI Specialist 📅 2021
- AWS Certified Solutions Architect 📅 2022

TECHNICAL SKILLS

- **Workflow Management Tools:** JIRA, Trello, Asana
- **Data Processing Frameworks:** Apache Spark, Hadoop, Apache Flink
- **Programming Languages:** Python, Java, C++
- **Database Technologies:** SQL Server, MongoDB, PostgreSQL
- **Machine Learning Tools:** TensorFlow, PyTorch, Scikit-learn
- **Cloud Platforms:** AWS, Azure, Google Cloud
- **Version Control Systems:** Git, SVN, Mercurial
- **AI Frameworks:** LangGraph, Dify, ONNX
- **Communication Tools:** Slack, Zoom, Microsoft Teams
- **DevOps Tools:** Docker, Kubernetes, Jenkins

PROFESSIONAL AFFILIATIONS

- Active Member of the Society for Artificial Intelligence Professionals.
- Volunteer Mentor at Code.org promoting computer science education.
