STRENGTHS

- 🔍 **Revenue reconciliation**
When close data and planning outputs differed, traced source inputs and gave leaders a clear driver story.
- ⚙️ **Scenario modeling**
Built alternative product and deal views for uncertain assumptions, helping Finance partners compare choices with confidence.
- ♥️ **Executive reporting**
Turned detailed KPI movements into concise exhibits, and became a trusted resource before business reviews.
- 👥 **Cross functional planning**
Brought Accounting, Commercial Finance, and product partners into one assumption review, which eased recurring handoffs.
- ⚙️ **Process improvement**
Standardized workbooks and review checks after seeing repeated manual issues, making monthly reporting smoother for peers.

SUMMARY

Revenue finance and **FP&A** analyst with 3 years and 3 months of experience supporting recurring forecasts, monthly reporting, budget development, **revenue consolidation**, and decision support for subscription and digital media businesses. Builds product level revenue models, reconciles planning inputs, investigates variances, and turns detailed financial results into clear narratives for Finance partners and executive stakeholders. Experienced with Anaplan, Essbase, Excel, dashboard reporting, revenue KPIs, headcount planning, **personnel expense planning**, scenario analysis, deal analysis, and **Long Range Plan** support. Brings structure to ambiguous requests by validating assumptions across Accounting, Commercial Finance, Strategy, and operating teams. Known for improving recurring workflows, strengthening reporting consistency, and preparing presentation ready insights. Ready to help Harborline Media Systems connect revenue planning, business intelligence, and strategic decisions with clear, dependable analysis.

EXPERIENCE

Revenue Finance Analyst, Revenue Planning

Northstar Streaming Analytics 📅 July 2024 - Present 📍 Boston, MA

Own revenue planning support for subscription and advertising products, connecting monthly close, **forecast cycles**, product models, dashboards, and executive reporting. Partner with Accounting, **Commercial Finance**, Strategy, and product teams to validate assumptions, explain performance, and improve recurring processes.

- Reconciled **Anaplan** outputs with **monthly close** data, clarifying product drivers before leadership review.
- Resolved **Essbase** mapping issues, giving forecast packages consistent product level reporting inputs.
- Built revenue KPI dashboards linking volume, pricing, mix, and conversion trends for business reviews.
- Consolidated partner submissions, challenging unsupported assumptions and preserving a traceable planning record.
- Modeled new offerings and deal structures, showing revenue timing and sensitivity ranges for decisions.
- Prepared **Long Range Plan** visuals and narratives, helping executives connect projections with operating drivers.

Financial Analyst, Revenue Planning

Beacon Subscription Services 📅 June 2023 - June 2024 📍 Providence, RI

Supported recurring revenue reporting, operating forecasts, **headcount planning**, deal analysis, and **Finance projects** for subscription services. Built repeatable Excel workflows that connected business inputs with financial narratives, improved review quality, and helped stakeholders evaluate performance and risk.

- Compared monthly actuals with forecast and budget, tracing variances to activity, timing, and assumptions.
- Linked Excel revenue schedules with headcount and personnel expense plans for operating outlook discussions.
- Validated business owner submissions, documenting changes between **forecast cycles** for reliable review.
- Created financial trend exhibits that helped managers assess product performance and spending risks.
- Modeled alternative deal assumptions, giving **Commercial Finance** clear implications for strategic decisions.
