

Brooklyn Ballard

Applied Machine Learning Intern

JUNE 22, 2026

Hiring Manager
WaveTech Innovations
Seattle, WA

Dear Hiring Manager,

I am thrilled to apply for the Applied Machine Learning Intern role at WaveTech Innovations, as this position aligns with my driven pursuits in the field and holds a spark for my ambitions.

Your company stands out due to its commitment to innovation, prioritizing advanced AI systems and imaginative solutions that address industry challenges, which deeply excites me and fills me with eagerness to contribute.

Throughout my current journey at the University of Washington, I've faced several difficulties while processing intricate audio datasets, yet I transformed these challenges into opportunities, developing predictive models that showcased my resilience and drive.

I processed vast datasets, aligned discrepancies, and validated findings to deliver results that genuinely matter; these experiences highlight my readiness to thrive in your dynamic team.

Engagement with peers was pivotal, collaborating and discussing insights honed my analytical and documentation skills, effectively connecting theoretical knowledge with practical applications.

Thank you for considering my application.

Sincerely,

Brooklyn Ballard
