SUMMARY

Dedicated data analyst with over three years in eCommerce analytics, specializing in managing digital infrastructures and deriving actionable insights. Adept at leveraging Google Analytics, BigQuery, SQL, and Power BI for report development and dashboard creation. Collaboration with cross-functional teams has fostered a strong environment to define success metrics tailored for ongoing projects. Consistently utilized A/B testing methodologies to enhance user engagement, leading to notable increases in customer satisfaction. Excited to contribute expertise in data management and insights generation to inspire growth at Data Solutions Corp.

EXPERIENCE

Associate eCommerce Data Analyst

Data Insights Group | June 2021 - Present | Milwaukee, WI

Drove the oversight of eCommerce data infrastructure while delivering precise reporting on digital analytics. Created comprehensive reports and dashboards using Google Analytics and other tools to support strategic initiatives.
