Dear Hiring Manager,

I am thrilled to apply for the Associate position at Jobs for Humanity, as my four years in investment banking have equipped me with valuable skills and insights that perfectly align with your mission of creating inclusive job opportunities that everyone deserves.

During my tenure at Greenwood Capital, I collaborated closely with various teams to conduct detailed financial modeling, credit analysis, and portfolio monitoring while improving processes that strengthened our results and client satisfaction—truly a rewarding path even amid uncertainties.

I led multiple client pitches that sharpened stakeholders' comprehension of complex financial concepts, ensuring our strategic objectives were always crystal clear, driving better performance and engagement.

In my prior role at Evergreen Financial Group, I developed financial forecasts that informed decisions, aiding not only in boosting our portfolio value but also in honing our risk assessment strategies to new heights.

I envision contributing my analytical skills and collaborative mindset to your team, knowing that my dedication fosters growth and ensures successful outcomes, but I sometimes doubt my ability to adapt quickly to new environments, yet I thrive under pressure and welcome challenges.

Thank you for considering my application.

Sincerely,

Karter Becker
