## Certified Dental Assistant

JULY 17, 2026

Hiring Manager  
NiteLines Healthcare Solutions  
Jacksonville, FL  
32202

Dear Hiring Manager,

I am eager to apply for the Certified Dental Assistant position at NiteLines Healthcare Solutions as I believe my extensive background in dental assistance parlays seamlessly into the pressing needs of your clinic's vibrant and fast-paced environment, where every action matters and impacts patient wellbeing.

My journey began as a Dental Assistant Intern during January 2026, where I executed essential duties, polishing clinical crowns and applying topical fluoride while grasping the art of collaboration with dentists through meaningful patient interaction, thus learning how moldable one's impact can be in dental practices.

Working under pressure taught me invaluable lessons; each patient visit encapsulates trust, and maintaining that requires constant vigilance—especially with sterilization practices and equipment organization which I mastered right away while adhering to safety protocols and standards like OSHA guidelines.

I find immense satisfaction in assisting others, and that perspective aligns perfectly with NiteLines Healthcare Solutions' mission to provide exceptional patient care. Teamwork not only enhances operations but fosters a bond that amplifies positive patient experiences, a purpose I truly wish to contribute to.

With my current experience and a committed approach, I am ready to support your clinic's dedication to excellence, bringing an enthusiastic spirit to every challenge and ensuring every patient receives compassionate care they rightfully deserve.

Thank you for considering my application.

Sincerely,

*Leah Obrien*
