EXPERIENCE

Dental Assistant Intern

University Project 📅 January 2026 - Present 📍 Jacksonville, FL

Role involves comprehensive support within a university dental clinic focused on hands-on experience through expanded duties. Demonstrated ability to maintain compliance with clinical standards while providing essential assistance during various dental procedures.

- Executed expanded duties such as polishing clinical crowns and fluoride treatments as part of training.
- Assisted supervising dentists using four-handed dental techniques during restorative functions.
- Developed proficiency in sterilization procedures, adhering strictly to OSHA guidelines.
- Engaged in direct patient interactions, meticulously documenting medical histories and SOAP notes.
- Participated in emergency drills, improving readiness to respond effectively in clinical scenarios.
- Managed inventory, ensuring sufficient supplies and equipment were available for daily operations.

Dental Care Research Assistant

Academic Research 📅 September 2025 - December 2025 📍 Jacksonville, FL

Focused on researching innovative patient care methods, contributing to the academic community's understanding of dental treatment outcomes. Facilitated collaboration between faculty and students to enrich educational experiences.

- Collaborated with faculty for research on patient care methods and dental treatment outcomes.
- Assisted in data collection and analysis emphasizing infection control standards and patient satisfaction.

STRENGTHS

- ✓ **Patient-Centric Approach**
Consistently focused on enhancing patient comfort and safety, fostering trust in clinical settings.
- 👥 **Collaboration Skills**
Frequently worked alongside dentists encouraging teamwork for improved patient outcomes; collaborative efforts valued.
- 🛡️ **Regulatory Compliance**
Ensured adherence to OSHA standards and infection control practices, maintaining high safety levels in operations.
- 💬 **Communication**
Communicated effectively with patients while documenting thoroughly, creating well-detailed medical histories.
- 🔄 **Adaptability**
Navigated fast-paced environments capably, adjusting priorities to meet urgent patient needs efficiently.
