EXPERIENCE

Medical Assistant Intern

University Project June 2025 – May 2026 Springfield, IL

Supported a clinical team as a Medical Assistant Intern in a high-energy environment focused on optimizing patient outcomes. Played a vital role in streamlining operations, conducting thorough patient interviews, and assisting with both direct and indirect patient care tasks.

- Collaborated with healthcare teams to support patient care in a clinical setting, ensuring adherence to medical protocols.
- Conducted patient interviews to gather health histories, documenting chief complaints in electronic medical records.
- Assisted in organizing the nursing station to improve workflow efficiency, leading to reduced patient wait times.
- Performed routine clinical tasks such as taking vital signs and preparing examination rooms in accordance with infection control policies.
- Scheduled patient appointments and managed follow-up communications to ensure continuity of care.
- Provided patient education on home care and medication adherence under the supervision of healthcare providers.

Clinical Research Assistant

University Research Lab January 2025 – May 2025 Springfield, IL

MY CAREER

● Medical Assistant Intern at University Project (11 Months)

● Clinical Research Assistant at University Research Lab (4 Months)

● Healthcare Assistant at Student Lab (3 Months)

Engaged as a Clinical Research Assistant where responsibilities included recruiting participants and supporting the execution of clinical trials. Developed strong communication skills while navigating logistics with patients, enhancing participant engagement in research activities.

- Supported the execution of clinical trials by recruiting participants and conducting preliminary assessments.
- Documented research findings accurately and maintained confidentiality in accordance with ethical standards.
- Assisted in the collection and analysis of data, contributing to research papers for publication.
- Engaged with patients to explain research procedures and obtain informed consent, enhancing patient understanding and involvement.
- Coordinated logistics for patient visits, ensuring compliance with research timelines and protocols.
- Collaborated with a multidisciplinary team to troubleshoot issues and streamline research processes.

Healthcare Assistant

Student Lab 📅 September 2024 – December 2024 📍 Springfield, IL

Participated as a Healthcare Assistant during training aimed at refining clinical skills in simulated patient scenarios. Emphasis on learning through peer collaboration and instructor-led methodologies fostered an environment of growth and confidence.

- Participated in hands-on training to develop skills in patient care techniques and medical procedures.
- Assisted instructors in delivering educational content and practical demonstrations to fellow students.
- Engaged in simulated patient scenarios to practice clinical skills, including emergency response and patient assessment.
- Managed laboratory materials and maintained a clean and organized learning environment.
- Contributed to peer mentoring initiatives, fostering a supportive educational community.
- Documented lab experiences and reflections to enhance personal learning outcomes.
