EXPERIENCE

Nursing Assistant Intern

University Project 📅 September 2025 - June 2026 📍 Chicago, IL

Provided hands-on nursing care in a controlled, educational environment focused on creating impactful healing experiences for residents. Collaborated closely with supervising nurses to implement resident care plans that adhere to federal, state, and local guidelines. Facilitated effective communication within the healthcare team to enhance resident care delivery.

- Assisted in delivering comprehensive nursing care tailored to resident needs under supervision.
- Created collaborative, individualized care plans based on thorough assessments of each resident.
- Recorded food/fluid intake accurately while monitoring and reporting changes promptly to nursing staff.
- Engaged residents in self-care activities, fostering their independence and dignity during rehabilitation.
- Contributed effectively to weekly care plan conferences, sharing observations to improve patient outcomes.
- Ensured high standards of cleanliness and organization in all living areas to support safety.

Nurse Aide Trainee

University Research Lab 📅 January 2025 - August 2025 📍 Chicago, IL

STRENGTHS

Empathy

Established strong bonds with residents, yielding mutual respect and trustful relationships prompted by genuine caring.

Communication Skills

Effectively conveyed vital information to healthcare colleagues, enhancing patient care collaboratively.

Teamwork

Engaged as part of a multidisciplinary team to consistently provide superior patient-centered care.

Problem Solving

Proactively contributed ideas during care plan meetings to optimally meet resident needs, earning peer confidence.

Adaptability

Quickly adjusted to varied resident needs, remaining flexible during emergent situations impacting care.
