STRENGTHS

- ♥ **Expertise in MRI Operations**
Led efforts in optimizing MRI operations, promoting safety and efficiency among the imaging team.
- 👥 **Team Development**
Championed continuous education for staff, becoming a trusted resource for colleagues seeking guidance.
- ✓ **Quality Assurance Focus**
Directed quality assurance initiatives, allowing for improved imaging results and patient care strategies.
- 🔗 **Cross-functional Collaboration**
Cultivated strong partnerships with nursing and anesthesia teams, contributing to enhanced workflow.
- 👤 **Patient-Centered Approach**
Prioritized patient engagement throughout procedures, effectively guiding them to reduce anxiety.

SUMMARY

Dedicated MRI Technologist with over five years of extensive experience in advanced imaging techniques and leadership roles within healthcare settings. Proven expertise in managing MRI workflows, ensuring compliance with safety protocols, and enhancing imaging quality through effective team supervision and training. Committed to fostering a collaborative environment that prioritizes patient care and technological advancement. Actively direct daily workflow while elevating staff performance through ongoing education and mentoring. Passionate about maintaining high standards in MRI services and exploring innovative solutions for departmental challenges.

EXPERIENCE

Chief MRI Technologist

Innovative Imaging Solutions 📅 January 2021 - Present 📍 Dallas, TX

Lead daily operations of the MRI department with a focus on optimization of staff workflow and efficacy. Enhance imaging quality by guiding technologists and ensuring adherence to compliance regulations while monitoring equipment performance. Foster collaboration across multidisciplinary teams to elevate patient care outcomes.

- Supervise scheduling and daily workflow within all MRI areas, ensuring timely service delivery.
- Mentor a team of MRI technologists, assessing performance and facilitating continuous professional development.
- Collaborate closely with nursing and anesthesia teams to streamline MRI procedures and enhance patient throughput.
- Develop programs that keep the department at the forefront of imaging technology and safety practices.
- Initiate and oversee the implementation of quality assurance measures for optimal image quality.

Senior MRI Technologist

Radiology Associates 📅 June 2018 - December 2020 📍 Fort Worth, TX

Supported the efficient operation of MRI services encompassing scan execution and patient care protocols. Assisted in shaping department practices through training initiatives and regular feedback sessions for junior staff, impacting overall service provision positively.

- Performed MRI scans, consistently achieving high-quality imaging while assuring patient comfort and care.
- Facilitated training for new employees, disseminating knowledge about technical procedures and departmental protocols.
- Engaged actively in departmental meetings, contributing insights based on front-line experience concerning workflow improvements.

MRI Technologist

Healthcare Imaging Center 📅 August 2016 - May 2018 📍 Arlington, TX

Executed MRI procedures focusing on aligning imaging processes with safety standards and communication protocols. Maintained efficiency in work tasks while engaging with patients to improve service quality and satisfaction.

- Collaborated with radiologists to ensure precision and clarity during imaging, preventing potential discrepancies or issues.
- Documented patient imaging data accurately, supporting clinical decision-making and care planning.
- Partook in ongoing skills enhancement opportunities to stay aligned with advancements in MRI technology and imaging techniques.

LEADERSHIP & AWARDS

- Employee of the Month, Innovative Imaging Solutions, March 2023
- Excellence in Patient Care Award, Radiology Associates, November 2019

MY CAREER

● Chief MRI Technologist at Innovative Imaging Solutions (5.5 Years)

● Senior MRI Technologist at Radiology Associates (2.5 Years)

● MRI Technologist at Healthcare Imaging Center (1.8 Years)

EDUCATION

Associate Degree in Radiologic Technology

Dallas Community College 🎓 GPA: 3.5 📅 2016 📍 Dallas, TX

Coursework: Radiation Safety, MRI Principles, Patient Care Techniques, Imaging Technologies

CERTIFICATIONS

- Basic Life Support for Healthcare Providers 📅 2026
- ARRT (MR) 📅 2026

TECHNICAL SKILLS

- **Imaging Equipment:** MRI Scanners, Preventive Maintenance Tools, Image Analysis Software
- **Compliance Regulations:** Joint Commission Standards, Safety Practices, Equipment Guidelines
- **Communication Platforms:** Health Records System, Staff Coordination Tools, Patient Interaction Systems
- **Quality Management:** Quality Control Procedures, Document Management, Performance Metrics
- **Professional Development:** Training Modules, Certification Programs, Continuing Education Workshops
- **Operational Workflow:** Scheduling Software, Process Mapping Tools, Team Collaboration Apps
- **Vendor Relations:** Supplier Contacts, Service Agreements, Compliance Checks
- **Patient Care Protocols:** Safety Guidelines, Patient Comfort Practices, Imaging Protocols
- **Standard Operating Procedures:** Procedure Documentation, Quality Standards, Staff Instructions
- **Clinical Decision Support:** Diagnostic Imaging Protocols, Communication with Radiologists, Results Interpretation

PROFESSIONAL AFFILIATIONS

- Member, Texas Radiological Society
- Volunteer, Local Health Fairs providing imaging education
