SUMMARY

Dedicated Client Service Representative with five years in trading support. Experienced troubleshooting and resolving complex client issues, ensuring high quality of service. Passion for finance drives engagement with cross-functional teams, cultivating positive client interactions. Continuously enhancing skills through certifications like SIE and Series 7, demonstrating commitment to professional growth. Proficient in Python, SQL, C#, and comfortable regarding US Equities and Derivatives. Focused on delivering exceptional results in high-pressure environments, prioritizing efficient issue resolution and team collaboration.

EXPERIENCE

Trade Support Specialist

Dynamic Financial Services | January 2022 - Present | Houston, TX

Provides first and second-level support within a busy financial services setting. Actively engages with clients utilizing automated trading platforms, focusing on ensuring inquiry resolutions are timely and effective.

- Deliver first and second-level support for Automated Trading Platforms via various communication channels.
- Collaborate closely with developers on troubleshooting software bugs regarding algorithms.
- Conduct thorough quality assurance testing ensuring compliance with established operational standards.
- Facilitate onboarding processes for new clients, ensuring smooth transitions into systems.

Client Services Associate

NextGen Trading Solutions | June 2020 - December 2021 | Dallas, TX

Delivered outstanding client support, focusing on enhancing customer satisfaction while managing multiple accounts. Worked with sales teams to refine service delivery process, contributing to an improved overall experience.

- Addressed client inquiries via phone, chat, and email, consistently improving satisfaction ratings.
- Partnered with sales departments to gather vital feedback for refining trading software services.
- Successfully managed multiple client accounts for timely processing of requests.
- Resolved technical issues effectively, reinforcing positive relationships with key clients.

Intern

Tech Innovations Group | September 2019 - May 2020 | Austin, TX

Supported senior analysts by troubleshooting connectivity problems. Developed essential skills in leveraging technology to assist in the support of automated trading applications.

- Facilitated problem-solving efforts for client connection issues effectively.
- Provided assistance exploring full functionality of automated trading systems.
- Leveraged knowledge of SQL and Python for data analysis, assisting in reporting requirements.
- Tools utilized include platform integrations and technical documentation.
