EXPERIENCE

Clinical Dietitian Intern

University Project 📅 January 2026 – June 2026 📍 Jackson, MS

Provided comprehensive nutritional assessments for diverse hospital patients, customizing care plans to address specific needs. Collaborated effectively with healthcare teams and engaged patients in nutritional education aimed at managing chronic conditions. Developed programs that facilitated community outreach focused on healthy lifestyle choices.

- Conducted detailed nutritional assessments and created individualized care plans.
- Educated patients and families about nutrition for managing health conditions.
- Led community wellness initiatives promoting healthy eating habits.
- Applied updated nutrition guidelines ensuring compliance with standards.
- Engaged in continuous quality improvement efforts to enhance patient satisfaction.
- Mentored fellow interns throughout clinical rotations.

Nutrition Research Assistant

University Research Lab 📅 September 2025 – December 2025 📍 Jackson, MS

Supported significant dietary research projects focusing on chronic disease management through data collection and analysis. Assisted in preparing scientific materials for conferences and publications, contributing to knowledge dissemination among peers. Collaborated on understanding the connections between nutrition and patient outcomes.

- Assisted in researching dietary effects on chronic diseases.
- Participated in developing materials for academic presentations.
- Worked with an interdisciplinary team investigating nutrition impacts.

STRENGTHS

- ♥️ **Compassionate Care**
Cultivated strong bonds with patients by actively listening to their concerns and providing tailored nutritional support during tough times.
- 👥 **Team Player**
Collaborated effectively with healthcare providers, ensuring cohesive care strategies promoting improved patient outcomes.
- 🔄 **Adaptability**
Adapting quickly to changing patient needs and new information, ensuring continued quality in dietary recommendations.
- 💡 **Initiative**
Launched community-focused wellness seminars to promote informed dietary choices, enriching local health literacy.
- 📖 **Effective Educator**
Simplified complex nutritional concepts for patients, leading to increased engagement and commitment to healthy lifestyles.
