SUMMARY

Nursing professional with over 5 years of experience in clinical care, focusing on efficiency and quality. Going beyond mere management of staff, culled new strategies for improved patient outcomes through clear communication. Passionate about providing a nurturing environment for team members to grow while ensuring that high standards of patient care are always met. Proven track record in leading interdepartmental initiatives, cultivating physician relationships, and ensuring regulatory compliance across various healthcare settings. Continually seeks opportunities to further learning, foster effective collaborations, and promote an atmosphere of shared success for patients and colleagues alike.

EXPERIENCE

Clinical Nurse Supervisor

Greenwood Healthcare 📅 January 2022 - Present 📍 Chicago, IL

As Clinical Nurse Supervisor, responsible for unit oversight and directed efforts for optimal patient care and staffing alignment across department needs. Ensured adherence to all clinical guidelines and provided leadership training. Managed external audits to sustain exceptional accreditation status.

- Spearheaded the patient assessment initiative, improving triage efficacy across departments.
- Facilitated comprehensive training programs, securing certification renewal for nursing staff.
- Collaborated with physicians to tailor treatment modalities, enhancing care personalization.
- Conducted regular safety audits; identified gaps that informed corrective actions before compliance audits.
- Cultivated harmonious relations between providers and nursing teams, fostering pathways for clinical cohesion.
- Directed emergency response drills and evaluations, heightening awareness and readiness among personnel.

Registered Nurse

Sunnydale Medical Center 📅 June 2018 - December 2021 📍 Peoria, IL

Provided exceptional nursing services in a high-pressure environment, engaged deeply in all aspects from monitoring patient statuses to collaborating within multidisciplinary teams. Developed and maintained care protocols that prioritized patient-centric approaches.

- Executed individualized care plans tailored for diverse patient populations, leading to significantly increased satisfaction scores.
- Actively led educational sessions for families on health maintenance post-discharge.
- Engaged in performance improvement activities to realize enhancements in departmental efficiency.
- Communicated effectively with care team members regarding changes in patient conditions, ensuring prompt responses.
- Participated in national benchmarking initiatives, aligning practices with best-in-class outcomes.
- Adhered strictly to OSHA and CDC regulations, maintaining exemplary standards of health and safety at the facility.

Staff Nurse

Lakeview Community Hospital 📅 August 2016 - May 2018 📍 Aurora, IL

Contributed as a Staff Nurse delivering patient-focused care across multiple units while upholding strategic priorities. Built connections with patients that enhanced trust and cooperation.

- Implemented educational initiatives enabling patients to make informed choices about their health journey.
- Maintained accurate electronic medical records in compliance with HIPAA requirements, ensuring data integrity.

STRENGTHS

👥 Team Leadership

Fostered cooperative dynamics among nursing staff, encouraging active participation in decision-making processes, creating a more cohesive work environment.

🛡️ Patient Advocacy

Vocal supporter for patient rights, actively engaging in dialogues that prioritize individual patient needs within care settings and policies.

⚙️ Strategic Coordination

Directed collaborative efforts between departments to optimize service delivery, emphasizing even distribution of workloads for better continuity of care.

📊 Quality Improvement

Implemented measures that ensured ongoing facility-wide operational enhancement, generating buy-in from stakeholders across senior management.

🔑 Regulatory Compliance

Maintained stringent adherence to state and federal laws, alleviating potential risks and maintaining licensing standards amid operational changes.
