SUMMARY

Detail-oriented Clinical Pharmacist backed by hands-on experience in medication management focusing on patient care. Analyzed and resolved drug-related issues while ensuring safe and effective use of medications. Engaged with healthcare providers to optimize therapy outcomes for diverse patients. Skilled in educating both healthcare professionals and patients regarding complex treatment protocols. Committed to high standards in pharmacy practice, promoting patient safety through vigilant monitoring and collaboration across settings. Enthusiastic about joining Healthcare Solutions Group as a key contributor dedicated to enhancing patient health and medication optimization.

EXPERIENCE

Clinical Pharmacy Intern

University Research Lab January 2025 - Present San Jose, CA

Served as a Clinical Pharmacy Intern involved in comprehensive medication reviews and direct patient interactions. Responsibilities included assessing drug safety, developing therapeutic plans, and collaborating with healthcare teams to enhance patient outcomes.

- Conducted thorough patient medication reviews, establishing appropriateness and safety of prescriptions.
- Engaged directly with patients for counseling sessions, documenting their medication histories effectively.
- Collaborated seamlessly with interdisciplinary teams focused on chronic disease management.
- Created informative educational materials on medication adherence and usage strategies.
- Supported pharmacy students through hands-on training including workshops and simulation exercises.
- Managed inventory adherence to regulations and maintained compliance with pharmacy standards.

Pharmacy Intern

Healthcare Innovations June 2024 - December 2024 San Francisco, CA

Worked alongside pharmacists evaluating medication orders, ensuring precision before dispensing drugs, and aiding in patient educational initiatives. Contributed significantly to drug inventory management.

- Assisted pharmacists in checking medication orders for accuracy and appropriateness.
- Participated actively in patient education efforts by providing essential drug information and counseling.
- Helped coordinate drug inventory processes, ensuring optimal stock levels and safe storage.
- Engaged in researching medication efficacy and safety across multiple therapeutic areas.
- Documented patient interactions with a view towards improving clinical decision-making.
- Developed and articulated findings on effective medication management strategies for pharmacy staff.
