STRENGTHS

- ♥️ **Patient centered assessment**
Assessment work connected history, functioning, supports, and barriers. A fuller picture often changed care priorities.
- 🏠 **Transition coordination**
Discharge planning joined families, providers, housing, benefits, and appointments. Follow through kept practical needs visible.
- 👥 **Therapeutic groups**
Group facilitation adjusted language and pacing for varied needs. Small participation shifts often opened useful discussion.
- ♥️ **Trauma informed care**
Trauma informed communication supported trust, boundaries, and engagement. Patients received space for safer conversations.
- 🧠 **Team collaboration**
Treatment conferences brought social work findings forward. Colleagues gained clearer context for shared patient decisions.

SUMMARY

Early career **Clinical Social Worker** with a **Master of Social Work, Michigan social work registration**, and two years of supervised and post degree behavioral health experience. Supports adults with **severe psychiatric disorders** through psychosocial assessment, case management, individual interventions, group therapy, clinical documentation, and discharge planning. Coordinates with psychiatrists, nurses, families, outpatient clinicians, housing resources, benefits programs, and community agencies so treatment plans reflect patient needs, safety concerns, strengths, and practical barriers. Uses trauma informed, culturally responsive communication during assessment, treatment planning, crisis resource connection, and transition work. Experience includes structured intake interviews, therapeutic group facilitation, safety planning, referral follow through, and multidisciplinary treatment conferences. Brings patient centered judgment and dependable coordination to inpatient behavioral health services.

EXPERIENCE

Clinical Social Worker

Riverbend Behavioral Health 📅 June 2025 - Present 📍 Grand Rapids, MI

Supports a supervised adult psychiatric caseload within behavioral health operations, coordinating assessment, treatment planning, therapeutic services, referrals, and safe transitions with multidisciplinary partners.

- Integrated psychosocial histories into care plans, clarifying patient needs, supports, functioning, and barriers.
- Completed psychosocial assessments and **clinical documentation** for multidisciplinary **treatment planning** and review.
- Delivered individual interventions focused on coping skills, engagement, **safety planning**, and recovery barriers.
- Facilitated therapeutic groups with communication adapted for cognitive, cultural, and functional needs.
- Coordinated discharge plans with families, outpatient clinicians, **housing** resources, **benefits** programs, and community agencies.
- Presented social work findings in treatment conferences, then tracked referrals, consents, and social needs.

Clinical Social Work Intern

Community Mental Health Practicum 📅 September 2024 - May 2025 📍 Grand Rapids, MI

Provided supervised clinical support for adults with **serious mental illness**, contributing to intake, case coordination, treatment planning, group services, referral access, and transition documentation.

- Supported a supervised caseload through assessment, case coordination, and individualized **treatment planning**.
- Conducted structured **intake interviews** covering social, family, housing, financial, and treatment histories.
- Co facilitated psychoeducational groups and recorded clinically relevant observations for supervisor review.
- Coordinated referrals for therapy, psychiatry, transportation, housing, and public benefits access.
- Practiced **culturally responsive, trauma informed** engagement while protecting confidentiality and professional boundaries.
- Prepared transition documentation with goals, resources, appointments, and safety related follow up needs.

MY CAREER

● Clinical Social Worker at Riverbend Behavioral Health (1.2 Years)

● Clinical Social Work Intern at Community Mental Health Practicum (8 Months)

Created a supervised transition planning workflow linking patient goals, community resources, appointments, safety needs, and follow up responsibilities across care settings.

Serious Mental Illness Group Support 📅 2024

Supported structured coping skills and psychoeducational groups for adults with serious mental illness, adapting participation methods for varied needs.

LEADERSHIP & AWARDS

- Clinical Practice Recognition, acknowledged for dependable patient coordination during supervised behavioral health training.
- Group Facilitation Recognition, commended for thoughtful participation support and clear clinical documentation during practicum work.
