

Arjun Warren

Computer Science/Computer Engineering Intern

📞 (614) 555-0123 ✉ arjun.warren@example.com 🌐 linkedin.com/in/arjunwarren 📍 1234 Maple Ave, Columbus, OH 43215

SUMMARY

Passionate computer science student with a strong academic record and over two years of relevant experience. Skilled in collaborating within teams to design, test, and implement innovative software solutions. Proven success in algorithm development and quality assurance, contributing to software performance improvements and user satisfaction. Eager to apply strong analytical skills in a dynamic research environment at Innovative Tech Solutions. Demonstrated ability to adapt swiftly to changes and challenges while achieving results through effective communication and teamwork.

EDUCATION

Bachelor's Degree in Computer Science

Ohio State University 🎓 GPA: 3.5 📅 2026 📍 Columbus, OH

Coursework: Software Development, Algorithms, Quality Assurance, Data Analysis

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C++
- **Development Frameworks:** Django, Flask, React
- **Database Technologies:** MySQL, PostgreSQL, MongoDB
- **Testing Tools:** Selenium, JUnit, Postman
- **Version Control:** Git, SVN
- **Office Tools:** Microsoft Word, Excel, PowerPoint
- **Cloud Platforms:** AWS, Azure, Google Cloud
- **Software Development Methodologies:** Agile, Scrum, Waterfall
- **Visualization Tools:** Tableau, Power BI, Matplotlib
- **Collaboration Tools:** Jira, Trello, Slack

SKILLS

- Python
- Quality Assurance
- Problem Solving
- Version Control Systems
- Java
- Data Analysis
- Technical Writing
- Web Development
- C++
- Algorithm Development
- Microsoft Office Suite
- Database Management
- SDLC
- Communication Skills
- Agile Methodologies

EXPERIENCE

Software Developer Intern

Tech Innovations Corp 📅 June 2025 - Present 📍 Dayton, OH

Support team efforts by developing and testing applications for scientific research initiatives. Focused on enhancing application functionality through rigorous quality assurance practices. Work collaboratively on algorithm designs, ensuring precision in data handling.

- Collaborate with colleagues on crafting software applications that solve real-world issues.
- Conduct thorough quality assurance tests and document findings to boost software effectiveness.
- Assist in designing user-friendly algorithms for data analysis, enhancing overall performance.
- Participate in brainstorming sessions which drive innovative solutions for our clientele.

Junior Software Engineer

Future Technologies Inc. 📅 July 2024 - May 2025 📍 Cincinnati, OH

Contributed to various software projects by writing robust code and debugging across different programming languages. Engaged actively in project meetings, providing updates and strategies that aligned with team goals. Maintained comprehensive technical documentation to support user needs.

- Developed high-quality code across several programming languages, improving system reliability.
- Facilitated communication among team members to ensure alignment on project timelines.
- Assisted in updating software documentation, facilitating user understanding and access.
- Played a key role in troubleshooting issues, gaining valuable feedback to refine processes.

LEADERSHIP & AWARDS

- Excellence in Software Development Award, Highlighting outstanding contributions in coding and innovation.
- Dean's List, Recognition for maintaining high academic achievement throughout college.

CERTIFICATIONS

- Certified Associate in Software Development 📅 2025
- CompTIA IT Fundamentals 📅 2025

PROFESSIONAL AFFILIATIONS

- Member of the Computer Science Club, Engaging in collaborative learning and networking.
- Active participant in coding competitions, fostering problem-solving and critical thinking.

LANGUAGES

- English (Native) • Spanish (Intermediate)

ADDITIONAL INFORMATION

Work Status : Authorized to work in United States. No sponsorship required.
