STRENGTHS

- ♥ **Compassionate Caregiver**
Consistently support patients and families through challenging times, earning their trust.
- ✂ **Problem Solver**
Address equipment-related challenges swiftly, maintaining service continuity and reducing wait times.
- 📖 **Continuous Learner**
Remain updated on CT advancements, actively pursuing certified trainings and workshops.
- 💬 **Excellent Communicator**
Articulate complex imaging processes simply, ensuring patient understanding and comfort.
- 👥 **Team Player**
Foster collaborative relationships within the radiology team, promoting positive shifts in workflow.

SUMMARY

Dedicated CT Technologist with over three years in performing advanced CT procedures, particularly skilled in pediatric screening. Proficient with EPIC and Siemens systems, ensuring patient comfort while adhering to HIPAA regulations. Successfully operated in high-pressure environments, displaying strong organizational skills and attention to detail. Continually engaged in professional development to stay current with imaging advancements. Eager to leverage expertise and contribute positively to a new team, committed to delivering excellent patient care and optimizing imaging solutions.

EXPERIENCE

CT Technologist

Radiology Services Group 📅 June 2023 - Present 📍 Phoenixville, PA

As a CT Technologist at Radiology Services Group, expertise focuses on executing diverse CT scans and enhancing imaging quality. Strong emphasis on pediatric imaging and operational efficiency across various examinations, maximizing both safety and image clarity.

- Execute high-quality CT scans, including biopsies and cardiac evaluations, ensuring optimal imaging and patient comfort.
- Operate advanced CT imaging equipment and select appropriate technical factors for diverse examinations.
- Collaborate with radiologists to interpret diagnostic images and provide comprehensive patient care.
- Maintain accurate patient records, including demographics and imaging data, ensuring strict compliance with HIPAA standards.
- Develop and conduct training sessions for new staff on equipment usage and safety protocols.
- Troubleshoot technical issues with imaging equipment to minimize downtime and optimize service delivery.

CT Technologist

Health Imaging Associates 📅 March 2022 - May 2023 📍 West Chester, PA

At Health Imaging Associates, focused on providing exceptional computed tomography procedures with an emphasis on patient safety and care. Actively participated in departmental initiatives aimed at continuous improvement and operational excellence.

- Performed various computed tomography procedures with a focus on patient-centered care and safety.
- Assisted in the development and implementation of protocols for pediatric imaging, enhancing service quality.
- Documented and maintained records of all imaging procedures, ensuring compliance with regulatory standards.
- Engaged in continuous education and training programs to stay current with advancements in CT technology.
- Participated in departmental audits to improve operational efficiency and patient satisfaction.
- Provided radiation protection and safety guidance to patients and staff during procedures.

CT Technician

Hilltop Medical Center 📅 January 2021 - February 2022 📍 Doylestown, PA

Focused on conducting routine and specialized CT examinations at Hilltop Medical Center, ensuring adherence to safety and quality standards. Collaborated closely with medical teams to promote seamless operations and enhance patient experience.

- Conducted routine and specialized CT examinations, ensuring adherence to safety and quality standards.

MY CAREER

- CT Technologist at Radiology Services Group (3.1 Years)
- CT Technologist at Health Imaging Associates (1.2 Years)
- CT Technician at Hilltop Medical Center (1.1 Years)

- Monitored patient conditions during imaging procedures, adjusting techniques as necessary to accommodate individual needs.
- Collaborated with medical teams to ensure seamless patient flow and communication regarding imaging needs.
- Assisted in maintaining the radiology information systems, ensuring data integrity and security.
- Participated in community outreach programs to educate the public about imaging procedures and safety.
- Implemented best practices in equipment maintenance and patient care protocols, leading to improved operational outcomes.

LEADERSHIP & AWARDS

- Outstanding Patient Care Award - Health Imaging Associates
- Leadership Recognition - Philadelphia Radiology Conference

EDUCATION

Technical Diploma in Radiology

Philadelphia Institute of Technology 🎓 GPA: 3.8 📅 2020 📍 Philadelphia, PA

Coursework: Medical Imaging, Radiology Ethics, Patient Safety, Advanced CT Techniques

CERTIFICATIONS

- ARRT Certification in Computed Tomography (CT) 📅 2021
- CPR Certification from the American Heart Association 📅 2021

TECHNICAL SKILLS

- **Imaging Technologies:** CT Scanners, PACS, EPIC
- **Regulatory Standards:** HIPAA, ARRT Guidelines, Safety Protocols
- **Performance Metrics:** Patient Satisfaction, Audit Results, Procedure Efficiency
- **Educational Methodologies:** Staff Training, Workshop Development, Continuing Education
- **Safety Procedures:** Radiation Protection, Emergency Protocols, Patient Assessment
- **Data Management:** Electronic Health Records, Documentation Practices, Systems Maintenance
- **Auxiliary Tools:** Voice Recognition Software, Imaging Software, Scheduling Tools
- **Collaboration Framework:** Interdisciplinary Teams, Peer Support, Community Engagement
- **Quality Improvement:** Protocol Development, Process Audits, Employee Feedback
- **Patient Engagement:** Informed Consent, Safety Education, Comfort Strategies

PROFESSIONAL AFFILIATIONS

- Member of the American Society of Radiologic Technologists
- Volunteer with local health initiatives supporting pediatric health education
