STRENGTHS

- 📊 **Data-driven Decision-Making**
Transformed qualitative insights into actionable recommendations for stakeholders, reinforcing confidence among peers.
- 📊 **Data Visualization Expertise**
Crafted impactful visualizations that brought clarity to complicated datasets, frequently praised for approachable presentation styles.
- ⚙️ **Technical Proficiency**
Gained expertise in SQL and Python through practical application, becoming team's first choice for technical challenges.
- 👥 **Collaboration Skills**
Developed strong partnerships within project teams, boosting morale while achieving project milestones ahead of schedule.
- 💡 **Curiosity and Learning Mindset**
Passionate about ongoing improvement, often seeking resources to deepen knowledge in emerging technologies like AI.

SUMMARY

Entry-level data analyst with robust experience transforming data into actionable insights for decision-making. In past roles, improved operational efficiency through collaboration with cross-functional teams and utilization of analytical tools like SQL and Tableau. Committed to advancing my proficiency in machine learning and AI technologies. Passionate about turning complex datasets into clear visuals, guiding stakeholders toward informed choices. Eager to bridge gaps between theory and practice by applying a hands-on approach to projects. Excited to join Innovative Tech Solutions and support candidates in mastering interview readiness alongside real-world applications.

EDUCATION

B.S. in Data Science

University of Illinois at Chicago 🎓 GPA: 3.5 📅 2021 📍 Chicago, IL

Coursework: Data Structures, Machine Learning, Database Management, Advanced Statistics

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, SQL
- **Data Visualization Tools:** Tableau, Power BI
- **Databases:** MySQL, PostgreSQL, MongoDB
- **BI Tools:** Power BI, Looker
- **Web Technologies:** HTML, CSS, JavaScript
- **Machine Learning Frameworks:** TensorFlow, Scikit-Learn
- **Version Control Systems:** Git, GitHub
- **Development Methodologies:** Agile, Scrum
- **Cloud Technologies:** AWS, Microsoft Azure
- **Microsoft Office Suite:** Excel, PowerPoint, Word

EXPERIENCE

Data Analyst Intern

Tech Innovators 📅 June 2022 - Present 📍 Chicago, IL

Focused on leveraging data analysis to identify trends that enhance business strategies. Collaborated closely with functions across the company to present findings clearly to both technical and non-technical stakeholders.

- Assisted in data collection and analysis to inform strategic decisions, utilizing advanced analytical techniques.
- Collaborated with senior analysts to craft visualizations that communicate insights effectively to diverse audiences.
- Engaged in hands-on projects using Python and SQL to optimize data processing workflows, significantly improving operational speed.
- Supported the implementation of BI tools, enhancing overall accessibility and interdepartmental collaboration.

Junior Data Analyst

Data Solutions Corp 📅 January 2021 - May 2022 📍 Chicago, IL

MY CAREER

● Data Analyst Intern at Tech Innovators (3.9 Years)

● Junior Data Analyst at Data Solutions Corp (1.3 Years)

Contributed significantly by maintaining data integrity through rigorous cleaning and transformation practices. Frequently engaged with team members to ensure collaborative insight generation from data analyses.

- Performed essential data cleaning tasks to guarantee accurate datasets for analytical purposes.
- Presented detailed findings during bi-weekly team meetings, shaping team direction based on insightful recommendations.
- Assisted in developing automated reporting processes, resulting in decreased turnaround times and increased precision in deliverables.

LEADERSHIP & AWARDS

- Google Data Analytics Professional Certificate, earned June 2022.
- Microsoft Certified: Data Analyst Associate, obtained January 2023.

CERTIFICATIONS

- Google Data Analytics Professional Certificate 📅 2022
- Microsoft Certified: Data Analyst Associate 📅 2023

PROFESSIONAL AFFILIATIONS

- Member of Data Visualization Society, actively participating in webinars and local meetups.
- Volunteer team member at Hackathons, contributing data solutions in competitive environments.
