SUMMARY

Detail-oriented Data Analyst with over three years of experience turning operational data into insights that drive performance and aid data-informed decision-making. Proficient in SQL, Power BI, and Excel, committed to ensuring accuracy and continuously improving existing processes. Experience collaborating with cross-functional teams allows for enhanced operational efficiency, providing actionable insights through thorough data analysis and visualization. Developed scalable reporting tools in previous roles that align with organizations' priorities and demonstrate an aptitude for translating business requirements into practical solutions. Eager to contribute skills at Dynamic Logistics Solutions.

EXPERIENCE

Data Analyst

Dynamic Logistics Solutions 📅 January 2021 - Present 📍 Chicago, IL

Managed relationships with key stakeholders, translating business needs into impactful data-driven strategies and actionable insights.

- Developed and maintained comprehensive dashboards using Power BI and Excel, enhancing visibility into operational KPIs.
- Conducted root cause analyses on operational anomalies, presenting findings to leadership for optimized decision-making.
- Standardized data collection across WMS and TMS systems, significantly improving accessibility and reliability for analytics purposes.
- Created forecast models based on trending operational data for effective staffing and capacity planning.

Junior Data Analyst

Tech Innovators Corp. 📅 June 2019 - December 2020 📍 Chicago, IL

Supported the operational team by providing essential data insights and recommendations based on comprehensive trend analysis.

- Assisted in generating reports and dashboards focusing on key performance metrics, contributing to improved operational effectiveness.
- Participated in collaborative projects aimed at enhancing overall data quality and reporting precision within multifunctional teams.
- Engaged independently and as part of a team, showcasing adaptability and problem-solving capabilities.
- Fostered partnerships across departments, streamlining communication to achieve shared objectives.

LEADERSHIP & AWARDS

- Recognized Employee of the Month at Dynamic Logistics Solutions for exceptional performance in continuous improvement initiatives.
- Achieved SQL Certification, affirming expertise in database management and analytical repository optimization.

EDUCATION

Bachelor's Degree in Information Systems

University of Illinois Chicago 🎓 GPA: 3.5 📅 2019 📍 Chicago, IL

Coursework: Data Analysis, Database Management, Business Intelligence, Supply Chain Management

CERTIFICATIONS

- SQL Certification 📅 2022

STRENGTHS

📊 Analytical Skills

Strong ability to analyze large datasets and present insights effectively, enabling better strategic decisions.

👥 Collaboration

Known for fostering teamwork across departments, often becoming a central figure for problem-solving discussions.

💬 Communication

Effective communicator who presents complex findings clearly to non-technical stakeholders, refining overall comprehension.

👁️ Attention to Detail

Consistently ensures high quality in analysis by thoroughly checking data sets for accuracy before taking action.

💡 Problem Solving

Enjoys tackling challenging issues and finding creative solutions, which has led to process improvements in past roles.
