SUMMARY

Dynamic Data Analyst with over 4 years crafting data insights that empower decision-making among stakeholders. Expert in Tableau, Salesforce, and Adobe Analytics, excelling at delivering structured reports and intuitive dashboards. Keen ability to investigate anomalies, driving towards actionable improvements. Working closely with teams enhances collaboration across departments, ensuring seamless data accessibility. With critical thinking skills shaped through diverse project experiences, can streamline processes while fostering a data-driven culture. Enthusiastic about continuing this journey with Insightful Solutions Inc. to help achieve shared goals for analytical growth.

EXPERIENCE

Data Analyst January 2022 - Present
Insightful Solutions Inc. Aurora, IL

Accountable for analyzing complex datasets to produce valuable insights impacting stakeholders' decisions. Develop and manage Tableau dashboards and reports customized to meet evolving business requirements.

- Analyze datasets focusing on generating actionable insights supporting key business decisions.
- Design and enhance reports using Tableau for increased visibility among stakeholders and team members.
- Collaborate effectively alongside digital product teams addressing specific reporting requests.
- Work with CJA analysts and CX platform managers to optimize usability and accessibility of reporting tools.

Junior Data Analyst June 2019 - December 2021
Data Insights Group Aurora, IL

Provided pivotal support in data analysis by developing insightful dashboards and reports responding to ongoing data needs. Engaged in critical troubleshooting to ensure data integrity and reliability.

- Assisted in creating dashboards aligned with business objectives, enhancing intelligence process.
- Supported senior analysts performing trend analyses on data aiding operational decision-making.
- Actively participated in discussions promoting efficiency across analytics initiatives within the team.

LEADERSHIP & AWARDS

- Received the Employee of the Month award for outstanding contributions towards enhancing data visibility for stakeholders.
- Achieved recognition from management for developing a new dashboard method improving response time to client queries.
