Hiring Manager
Redwood Dental
Holly, MI

Dear Hiring Manager,

I am thrilled to apply for the Dental Hygienist position at Redwood Dental. Engaging with patients excites me. Over the past year, I honed my skills while interning at University Research Lab where I conducted patient screenings and assessed dental health.

Your commitment to exceptional patient care resonates with my practice philosophy. I have learned to navigate patient needs with grace, balancing screening tasks while ensuring every individual feels valued and respected during appointments.

In my internship, I crafted educational materials, deeply impacting patient compliance. I witnessed firsthand how effective communication can foster trust. I aspire to bring this to Redwood Dental.

I excelled at ensuring compliance with quality assurance protocols during my hands-on experiences. My collaborative spirit shines in team settings. I believe a supportive environment is key to patient satisfaction and overall success.

Redwood Dental's focus on teamwork aligns with my desire to contribute to and enhance collective patient outcomes, fueling a positive atmosphere where patients feel cared for and informed.

Thank you for considering my application.

Sincerely,

Cecilia Barker
