Hiring Manager
HealthyStart Nutrition Services
Tulsa, OK
74104

Dear Hiring Manager,

I am excited to apply for the Clinical Dietitian position with HealthyStart Nutrition Services. This opportunity aligns adeptly with my journey in nutrition and my passion for improving patient wellness through dedicated care.

In my current role as a Clinical Dietitian, I manage enteral and parenteral nutrition for NICU patients, conducting detailed assessments to create tailored treatment plans. Collaborating with teams has shown me the profound effect of evidence-based nutrition on health outcomes, while educating families simplifies complex dietary concepts.

Moreover, participating in Quality Assurance and Performance Improvement initiatives has enhanced my professional growth. I reflect often on my struggles to balance the technical with the personal, but these challenges fuel my determination. Mentoring interns reaffirms my commitment to continuous learning, enriching not just them but also our team.

I believe in partnership and service excellence. By collaborating closely with food service management, I help align nutritional guidelines with patient satisfaction goals. This synergy advances not just individual care but also collective success.

I am looking forward to contributing to HealthyStart's mission. Together, we can enhance patient care and foster an environment where everyone thrives.

Thanks,

Sincerely,

Luciana Bowers
