SUMMARY

Associate Relations and **Employee Relations** leader with 10 years of experience building fair, consistent, scalable case operations across complex, multi region organizations. Leads intake, triage, investigations, escalation, **corrective action**, resolution, governance, quality assurance, and audit practices with strong attention to employment law risk and documentation quality. Converts strategy into practical workflows, service level agreements, **operating procedures**, decision frameworks, interview guides, case summaries, and reporting standards. Uses HR Acuity, case analytics, calibration forums, quality reviews, and executive reporting to identify variation, rework, aging, and process risk. Partners closely with Human Resources, Legal, Compliance, and technology teams on sensitive matters. Brings sound judgment, clear communication, and a steady focus on fair outcomes. Ready to contribute disciplined operations and trusted partnership within a senior **Associate Relations** organization.

EXPERIENCE

Senior Manager, Employee Relations Operations

July 2022 - Present

HarborPoint Financial Services

Columbus, OH

Leads enterprise case operations across business units, supporting intake, triage, investigations, escalation, resolution, governance, quality reviews, HR Acuity reporting, and executive decision support. Partners with Human Resources, Legal, Compliance, and technology teams on sensitive matters while improving consistency, documentation, risk control, and service delivery.

- Aligned **case intake**, triage, investigations, escalation, and resolution standards across business units.
- Established quarterly quality reviews and **calibration sessions**, exposing documentation gaps and **policy interpretation** variation.
- Built service level standards and escalation paths, giving leaders clearer cycle time reporting.
- Redesigned **HR Acuity** fields, templates, and reports, improving case data quality and trend analysis.
- Created **investigation plans**, **interview guides**, case summaries, and decision checkpoints for sensitive matters.
- Presented quality, rework, aging, and risk trends, converting findings into training and workflow changes.

Employee Relations Manager

March 2019 - June 2022

Meridian Health Services

Indianapolis, IN

Managed complex investigations across clinical and corporate functions, applying consistent policy, legal, documentation, and **corrective action** practices. Worked with Legal and Compliance on escalated allegations, developed investigator learning programs, maintained audit ready records, and used case themes to improve policy guidance and manager practice.

- Managed complex investigations across clinical and corporate functions using consistent policy and legal practices.
- Introduced peer reviews for higher risk corrective actions, strengthening evidence assessment and decision rationale.
- Partnered with **Legal** and **Compliance** on escalated allegations, regulatory concerns, and investigation strategies.
- Developed investigator **onboarding** covering interviews, evidence organization, case notes, findings, and closure summaries.
- Analyzed recurring case themes and bottlenecks, guiding policy clarification and manager education.
- Maintained audit ready records and supported reviews of **investigation** quality, timeliness, and standards adherence.

Employee Relations Consultant

August 2016 - February 2019

Lakeview Consumer Services

Chicago, IL

Conducted workplace investigations and advised Human Resources partners on policy application, corrective action, documentation, and escalation. Standardized intake and case files, prepared evidence based summaries for counsel, tracked aging patterns, and facilitated manager learning on workplace expectations and sound case handling.

- Conducted workplace investigations and advised Human Resources partners on policy application and **corrective action**.
- Standardized intake questions and case files, improving capture of allegations, witnesses, evidence, and outcomes.
- Prepared **case summaries** for **Human Resources** and counsel, clarifying evidence, policy considerations, risks, and next steps.
- Tracked case aging and **escalation** patterns, identifying matters requiring additional review and leadership attention.
- Facilitated manager training on workplace expectations, documentation discipline, and appropriate escalation practices.
- Supported cross functional reviews of recurring issues and updated procedures and reference materials.

PROJECTS

Enterprise Case Quality Program 📅 2024

Built a practical quality review model with audits, calibration sessions, decision checks, and reporting. Shared goals with Human Resources, Legal, and Compliance partners helped create clearer standards and more consistent case outcomes.

HR Acuity Data Improvement 📅 2023

Partnered with technology stakeholders on fields, templates, and reports that improved case capture and trend visibility. Regular conversations with users surfaced useful changes and strengthened confidence in operational reporting.

LEADERSHIP & AWARDS

- Recognized by senior leadership for improving case governance, quality reporting, and decision consistency across business units.
- Selected to lead cross functional calibration forums that strengthened investigation practices and shared judgment among Human Resources partners.
- Trusted with sensitive, high risk matters requiring sound judgment, careful documentation, and close partnership with Legal and Compliance.
