Dear Hiring Manager,

I am excited to apply for the eCommerce Marketing Intern position at Everstone Digital Commerce Group; this opportunity speaks to my growing enthusiasm for digital marketing and storytelling, allowing me to learn while contributing creatively to your vibrant team.

My background in eCommerce content development coupled with my passion for social media makes me an intriguing candidate. I have thrived when creating engaging content for academic projects, yet sometimes doubted my ability to capture the audience's interest, prompting me to enhance my skills further.

In previous internships, I helped design graphics and videos, managed social media accounts, and analyzed performance metrics. Each project allowed me to grow and adapt swiftly, nurturing my organizational skills while hitting deadlines, ultimately improving my fluency with platforms like Canva and Google Analytics.

Collaboration fosters creativity, and I cherish team dynamics. My keen interest in emerging technologies drives me to explore new ideas. Adding unique insights to campaign brainstorming sessions excites me, as I thrive on addressing challenges enthusiastically while refining my analytical mindset.

Joining Everstone means contributing to a company that values innovation and curiosity, which aligns perfectly with my aspirations. I am eager to bring my resourcefulness, creative intelligence, and analytical acumen to your projects while supporting team objectives.

Thank you for considering my application.

Sincerely,

Riya Shah
