### SUMMARY

Compassionate and dedicated Registered Nurse with over 5 years of experience in emergency care. Strong background in acute patient management, coordinated care delivery, and patient advocacy enhances team performance and elevates patient outcomes. Proven track record in documenting care plans while effectively collaborating with multidisciplinary teams to ensure compliance with organizational ethics and policies. Eager to contribute expertise in high-pressure environments, leveraging knowledge gained through extensive training and hands-on clinical practice. Committed to continuous growth as a nurse through professional development, guided by evidence-based practices to provide exemplary patient care.

### EXPERIENCE

#### Registered Nurse

HealthFirst Medical Center | June 2022 - Present | Aurora, IL

Administer nursing care in fast-paced emergency department. Fosters collaborative relationships within healthcare teams, creating safe and effective care plans for patients experiencing acute illnesses. Responsible for monitoring patient progress through regular assessments, mitigating risks, and making necessary adjustments to care protocols while ensuring detailed documentation in electronic health records.

- Deliver comprehensive nursing care focused on patient safety and adherence to facility protocols.
- Collaborate effectively with physicians and ancillary staff to enhance patient outcomes and satisfaction.
- Conduct thorough patient assessments, including vital sign monitoring and health history evaluations.
- Document findings precisely and adjust care plans based on ongoing evaluations and patient responses.

#### Emergency Room Nurse

Wellness Health Systems | March 2020 - May 2022 | Schaumburg, IL

Provided essential nursing care in a high-stakes emergency room environment. Excelled in triage protocols and developed treatment regimens for various medical conditions in collaboration with practitioners and care teams. Engaged in educational initiatives to augment practical skills, establishing trust with colleagues and patients alike.

- Managed triage processes and provided emergency interventions to critically ill patients.
- Improved workflow efficiencies in the ER through proactive coordination with physicians and support staff.
- Participated in emergency response drills enhancing readiness for real-life scenarios.
- Contributed to nursing education efforts, overseeing newcomers in emergency techniques and routines.

#### Nursing Intern

Springfield Community Hospital | January 2018 - December 2018 | Springfield, IL

Supported nursing staff during critical patient care operations, gaining hands-on experience with protocols and interactions. Focused on observational learning and assisting with routine procedures under guidance from experienced nurses. Participated actively in workshops on care advancements relevant to emergency pediatrics and adult health.

- Assisted in monitoring vital signs and served as an aide during medical procedures.
- Engaged in learning opportunities that highlighted best practices in patient care and nursing ethics.

Healthcare Regulations

Crisis Management

Infection Control

Compassionate Care

- Fostered rapport with patients, their families, and medical professionals during daily shifts.
- Liaised with nursing mentors to enhance clinical competency through active feedback and discussions.
