SUMMARY

Emergency management leader with experience coordinating **preparedness programs**, response planning, **operational readiness**, **resource allocation**, and interagency work. Builds practical emergency plans, exercise materials, readiness reports, and communication procedures that help response teams act with clarity. Supports **Incident Command System** activities, disaster response, recovery planning, training delivery, inventory management, and public safety operations. Works across agencies, community partners, and response personnel while keeping documentation accurate and useful. Brings a calm, organized approach to incident coordination and program administration, with a strong record of improving procedures after exercises. Prepared to contribute thoughtful planning, dependable operations support, and clear public communication within an emergency services environment.

EXPERIENCE

Emergency Services Coordinator

August 2019 - Present

Regional Emergency Management Office

Sacramento, California

Coordinates preparedness programs, **response planning**, exercise activities, operational records, training sessions, and resource administration across multiple stakeholders. Supports incident coordination and readiness improvement through clear documentation, communication procedures, and practical evaluation.

- Coordinated **preparedness programs** across agencies, improving shared readiness planning and operational alignment.
- Developed response documentation and exercise materials for incident planning and readiness reviews.
- Tracked incident information through communication procedures, giving response personnel clearer operational updates.
- Delivered training sessions and preparedness briefings for response personnel and community partners.
- Maintained resource records, **inventories**, and operational documentation for dependable emergency support.
- Evaluated **exercises** and recommended practical improvements for response and recovery procedures.

Emergency Planning Specialist

June 2016 - July 2019

Public Safety Planning Center

Fresno, California

Supported emergency planning, disaster preparedness, exercise coordination, recovery documentation, public safety procedures, and response team training. Worked with agencies to improve communication workflows and organize records that supported resource requests and operational decisions.

- Created **emergency planning** materials that supported **disaster preparedness** initiatives and response coordination.
- Maintained operational records for exercises, planning reviews, and emergency management program activities.
- Improved agency communication workflows through practical coordination and clear information sharing procedures.
- Prepared recovery reports and resource requests for public safety planning discussions.
- Applied **emergency management** standards and **public safety** procedures during supervised planning activities.
- Supported training activities for emergency response teams through organized materials and session coordination.

PROJECTS

Regional Preparedness Exercise Program 📅 2024

Coordinated exercise materials, readiness reviews, partner briefings, and improvement recommendations for a regional preparedness program. Work centered on practical response coordination and clearer follow through after each exercise.

Emergency Recovery Resource Planning 📅 2018

Prepared recovery planning reports and resource documentation that helped agencies organize requests, review operational needs, and support continuity after emergency events.

LEADERSHIP & AWARDS

- Recognized by response partners for dependable coordination during preparedness exercises and operational planning reviews.
- Selected to deliver emergency preparedness briefings for response personnel and community partners.
- Commended for clear documentation supporting resource tracking, recovery planning, and readiness decisions.
