SUMMARY

Dedicated EMT with extensive training and hands-on experience in emergency medical situations and donor management. Proven ability to ensure donor safety and satisfaction through effective communication and physical examinations. Committed to continuous improvement and professional growth within the healthcare sector. Actively pursuing opportunities to leverage medical expertise in a dynamic plasma donation environment, enhancing both team outcomes and patient care standards.

EXPERIENCE

EMT

HealthCare Solutions Group

Serve as an EMT for HealthCare Solutions Group, providing patient assessments and emergency interventions within a vital health initiative. Prioritize donor safety through accurate evaluations while ensuring teamwork aligns with organizational protocols.

- Conduct thorough physical examinations to determine donor suitability, enhancing overall donor experience and safety.
- Establish and maintain rapport with donors, leading to improved satisfaction scores and repeat donations.
- Ensure confidentiality of sensitive donor and staff information, adhering to ethical standards and regulations.
- Provide comprehensive education to donors regarding health risks and counseling for adverse test results.
- Evaluate donor health histories and manage injuries, contributing to the overall safety of the donation process.
- Assist in training new employees on protocols related to donor health and safety procedures.

June 2024 - Present

Muskegon, MI

EMT

Rescue Medical Services

Played a critical role as an EMT at Rescue Medical Services, emphasizing rapid response and compassionate care during emergencies. Fostered community relationships through educational programs aimed at improving public health awareness.

- Delivered emergency medical care and transportation for patients, ensuring adherence to protocols and patient confidentiality.
- Collaborated with medical personnel to assess patient needs and implement immediate care plans.
- Conducted community outreach and education programs on health and safety, increasing community awareness.
- Participated in regular training and drills to maintain readiness for emergency situations.
- Documented patient information and care provided, ensuring compliance with legal and medical standards.
- Provided support in administering vaccinations and health checks during community health initiatives.
