EXPERIENCE

Accounting Intern

January 2026 – Present

University Project

Pittsburgh, PA

Contributed to hands-on financial reconciliation projects simulating mutual fund environments, focusing on compliance with U.S. GAAP. This role involved processing daily trade settlements and journal entries while enhancing teamwork and documentation practices for audit-readiness under guidance from senior team members.

- Supported financial reconciliation processes, ensuring adherence to U.S. GAAP standards.
- Collaborated with peers on daily funding tasks, promoting communication and efficiency within the project timeline.
- Assisted in preparing basic journal entries for tracking and ensured clear documentation practices throughout.
- Engaged in peer reviews, providing variance explanations while adhering to preset deadlines.
- Developed competencies in Excel for data analysis and reporting using formulas and pivot tables.
- Helped create standard operating procedures to improve project workflow and consistency.

Financial Analysis Project

September 2025 – December 2025

Academic Research

Pittsburgh, PA

Analyzed models of bank loan servicing focusing on lifecycle events impacting fund performance. The project utilized financial software tools and collaborative efforts fostered a comprehensive understanding of regulatory compliance and accuracy. Emphasized the importance of meticulous documentation during the process.

- Conducted detailed analyses of cash flow scenarios against sample compliance reports.
- Presented findings on regulatory impacts to faculty, underlining the importance of accuracy in financial reporting.
- Collaborated with other students, developing insightful solutions and insights for discrepancies found.
- Managed thorough documentation of methodologies to ensure future audit readiness.
- Engaged actively in team discussions and contributed ideas for improvement throughout the project.

- Leveraged financial tools to simulate reconciliations which increased practical knowledge.
