EXPERIENCE

Accounting Intern
University Project

January 2025 - May 2026
Milwaukee, WI

Supported the finance department with various accounting functions, gaining hands-on experience in financial transactions and documentation. Collaborated cross-functionally to ensure financial records were accurate and current, fostering teamwork and knowledge sharing.

- Conducted daily and monthly bank reconciliations, ensuring accurate financial reporting and reconciliation processes.
- Assisted in posting and monitoring customer credits, enhancing overall account management efficiency.
- Collaborated with team members to investigate and resolve chargebacks, which improved the process and increased customer satisfaction.
- Supported general accounting tasks that contributed to departmental efficiency and consistency.
- Maintained precise financial records, ensuring compliance with internal quality standards for reporting.
- Participated in additional projects aimed at streamlining accounting operations and boosting productivity.

Finance Research Assistant
Academic Research

September 2024 - December 2024
Milwaukee, WI

Contributed to research initiatives by analyzing financial data, providing insights that supported academic findings. Aided in report preparation and developed valuable analytical skills while enhancing teamwork through collaborative presentations.

- Analyzed financial data for ongoing research projects, significantly contributing meaningful insights to the team.
- Assisted in the compilation of reports on financial trends, thereby refining research accuracy and relevance.
- Utilized Microsoft Excel to create detailed data models, supporting statistical analysis efforts.
- Engaged in presentations of research findings that enhanced communication skills and stakeholder engagement.
- Supported faculty with administrative tasks linked to financial studies, facilitating a collaborative and productive environment.

Financial Analysis Developer

1/2

January 2024 - May 2024

Course Project

Milwaukee, WI

Led the development of a comprehensive project to analyze local businesses' fiscal health using diverse analytics tools. Employed interdisciplinary approaches to foster collaboration and enhance post-project delivery clarity.

- Developed an extensive financial analysis project to evaluate fiscal conditions across local businesses.
- Employed Microsoft Excel for sophisticated data analytics to deliver actionable insights for informed decision-making.
- Worked closely with peers in presenting findings, which honed public speaking and unique teamwork skills.
- Researched applicable accounting standards, ensuring compliance with industry regulations and project relevance.
- Documented methodologies and results meticulously, significantly improving project presentation styles and clarity.
