EXPERIENCE

- Audit Project Developer**
University Project January 2026 - May 2026 Detroit, MI
- Planned and executed an audit project focusing on local businesses' financial records. Analyzed data using Excel and automated tools to ensure accuracy and compliance with standards. Maintained thorough documentation supporting findings and collaborated on presentations for actionable recommendations.
- Executed comprehensive audits for various local business records, enhancing understanding of accounting intricacies.
 - Utilized automation tools in Excel to refine processes, reducing manual efforts and increasing efficiency.
 - Developed audit working papers, featuring schedules and summaries, reinforcing findings with clear documentation.
 - Collaborated with peers for impactful presentations that led to tangible financial improvement strategies.
 - Reviewed accounting documents against source records, confirming the integrity of transactions recorded.
 - Gained insights into practical audit methodologies and the crucial role of precise documentation.

- Research Assistant**
Academic Research September 2025 - December 2025 Detroit, MI
- Contributed to research aimed at assessing regulatory impacts on government contract procurement. Collected and analyzed data with a focus on compliance. Worked closely with faculty in drafting research papers, revealing effective audit methodologies.
- Conducted extensive analyses of governmental auditing standards focused on real-world impacts.

MY CAREER

- Audit Project Developer at University Project (4 Months)
- Research Assistant at Academic Research (3 Months)
- Accounting Intern at Internship (2 Months)

- Collected and evaluated vast datasets using statistical software for regulatory evaluation.
- Collaboratively prepared research papers, improving personal knowledge of auditing practices.
- Introduced new analytical methods which enhanced accurate assessments of financial compliance.
- Presented findings at academic gatherings, promoting dialogue regarding policy improvements.
- Gained significant exposure to complexities within governmental auditing frameworks.

Accounting Intern

Internship 📅 June 2025 - August 2025 📍 Detroit, MI

Supported the accounting department through rigorous financial statement preparations and internal audits. Verified invoices and facilitated the preparation of working documentation for audits, honing practical accounting skills.

- Played a key role in financial reporting processes, enhancing clarity and accountability within statements.
- Reviewed invoices for accuracy, reinforcing foundational knowledge of essential accounting practices.
- Assisted in preparing working papers and reconciliations, laying a solid groundwork for actual audits.
- Actively engaged in discussions aimed at streamlining auditing processes based on early findings.
- Leveraged software tools to analyze financial datasets, generating useful reports and insights.
- Cultivated a thorough understanding of practical applications of established accounting principles.
