Culinary Haven
Hiring Manager
Huntington Beach, CA
92647

Dear Hiring Manager,

I am thrilled to submit my application for the Entry Level Cook - Garde Manger position at Culinary Haven. This opportunity complements my culinary endeavors and unwavering commitment to producing exceptional cold dishes and salads. My hands-on journey within university kitchens fueled my desire for this role tremendously.

While grappling with culinary challenges, I often felt the pressure of fast-paced scenarios. During my culinary internship, I diligently collaborated with professors and peers, learning to refine my skills under scrutiny. This experience granted me insight into maintaining rigorous standards in quality and presentation while juggling various kitchen tasks.

At Student Lab, I assisted chefs during cooking sessions, honing the ability to adapt and learn quickly in a bustling environment. Here, significant teamwork emerged, culminating in a seasonal menu project that emphasized local ingredient celebration. That endeavor instilled belief in my cohesion with others around a common goal.

In Culinary Haven, I am enthusiastic about not only employing my culinary skills but absorbing the rich culture of an inclusive kitchen. Your devotion to team growth and well-being truly resonates with my aspirations of contributing my full self while supporting others.

Should you choose to pursue my candidacy, I assure you that I will give my utmost in ensuring sumptuous and visually appealing dishes. Thank you for reviewing my application. I hope to join your vibrant team soon.

Warm regards

Thanks,

Lucy Kulkarni
