STRENGTHS

- ♥️ **Audience focused content**
Created blog, email, and social copy for simulated campaigns, adjusting message and format after reviewing audience needs.
- 🔍 **Search research**
Reviewed more than 120 search terms, grouped intent themes, and used findings to guide useful website content.
- 📌 **Campaign analysis**
Studied acquisition, clicks, reach, and engagement patterns, then turned class data into clear next step recommendations.
- 📋 **Organized execution**
Maintained calendars, research notes, source records, and revision history so team deliverables stayed orderly and complete.
- 🗣️ **Collaborative communication**
Shared campaign ideas in workshops and presented recommendations clearly, responding thoughtfully to questions from faculty and peers.

SUMMARY

Early career digital marketer with a Bachelor of Science in Marketing and supervised university experience across SEO, **content strategy**, campaign measurement, and multichannel communication. Built practical campaign plans for simulated client briefs, researched more than 120 search terms, organized content calendars, and evaluated audience behavior through HubSpot and **Google Analytics** training environments. Created blog, email, and **social media** content with channel appropriate messaging, then translated campaign observations into clear recommendations. Academic projects strengthened written communication, presentation skills, organized follow through, and collaborative planning. Comfortable learning platform workflows, reviewing performance data, documenting research, and applying current **digital marketing** practices. Ready to contribute thoughtful content, reliable execution, and useful campaign insights within a supportive client focused marketing team.

EDUCATION

Bachelor's Degree in Marketing

University of South Florida 🎓 GPA: 4.0 📅 2026 📍 Tampa, FL

- **Content Development:** Blog writing, email copy, website copy
- **Social Media:** Social content, social scheduling, channel planning
- **Campaign Planning:** Audience research, content calendars, channel selection
- **Performance Reporting:** Campaign analysis, data interpretation, recommendation writing
- **Email Marketing:** Email campaigns, nurture sequences, calls to action
- **Website Optimization:** Metadata, headings, internal linking
- **Communication Tools:** Presentations, faculty reviews, team workshops

EXPERIENCE

Digital Marketing Campaign Analyst

Capstone Project 📅 January 2026 to May 2026 📍 Tampa, FL

Supported a faculty reviewed client simulation covering **campaign planning**, audience research, **content development**, SEO, HubSpot workflows, Google Analytics review, and campaign reporting.

- Built a semester campaign plan connecting audience research, channels, content themes, and measurable objectives.
- Researched 120 search terms, grouped intent themes, and recommended priority topics for web content.
- Configured **HubSpot** workspace assets and documented a simple email nurture sequence for project handoff.
- Reviewed **Google Analytics** training data and converted acquisition findings into practical channel recommendations.
- Produced a four week calendar covering blog, email, and social posts with consistent audience messaging.
- Presented campaign strategy, measurement findings, and **SEO** recommendations during faculty reviewed project discussions.

SEO and Content Strategy Researcher

University Project 📅 September 2025 to December 2025 📍 Tampa, FL

LANGUAGES

English	Native
Spanish	Intermediate

MY CAREER

0
MONTHS

- Conducted supervised website research and **content development** for a small business case, combining keyword analysis, page optimization, email writing, and social scheduling.
- Audited a small **business** website for search intent, metadata, structure, and topic coverage.
 - Compared informational and commercial queries, then mapped selected terms across existing website pages.
 - Rewrote sample website sections with clearer headings, metadata, and internal linking recommendations.
 - Drafted blog articles and email promotion using audience focused messaging and consistent calls to action.
 - Built a social scheduling plan balancing educational, promotional, and engagement oriented content themes.
 - Maintained research notes, source documentation, and revisions for a coordinated final presentation.

Social Media and Campaign Measurement Coordinator

Course Project 📅 January 2025 to May 2025 📍 Tampa, FL

- Coordinated a supervised student organization case study focused on social content, publishing schedules, campaign data, and practical performance recommendations.
- Developed a social campaign concept with audience segments, content pillars, cadence, and success measures.
 - Created sample posts for three channels while adapting tone, length, and creative direction.
 - Scheduled a mock publishing calendar and checked dates, assets, and copy before simulation.
 - Interpreted reach, click, and engagement data, then summarized content patterns in a concise report.
 - Compared campaign outcomes with objectives and proposed content changes grounded in available data.
 - Contributed ideas during workshops, completed assigned analysis, and incorporated peer feedback into deliverables.

PROJECTS

Integrated Client Campaign Plan 📅 2026

Created a simulated local service campaign plan connecting audience research, SEO topics, content channels, email nurturing, social scheduling, and performance measurement.

Search Content Optimization Study 📅 2025

Researched search intent and website content structure, then proposed page improvements, blog topics, metadata updates, and internal linking recommendations.
