Fresenius Health Services
Hiring Manager
Statesboro, GA

Dear Hiring Manager,

I am excited to express my interest in the nursing role at Fresenius Health Services. This opportunity aligns beautifully with my nursing education and clinical experiences. As a recent graduate, I embrace the chance to contribute positively to patient care.

Throughout my academic journey, I took part in a capstone project that revealed my dedication to improving nephrology protocols. I conducted a thorough analysis to enhance patient education, making key recommendations to boost treatment experiences. I truly believe that education is the cornerstone of effective healthcare.

During my time as a student intern, I gained hands-on experience in treating patients. I assisted with hemodialysis procedures while engaging with patients to answer questions. This role not only solidified my skills but also showed me the importance of clear communication in nursing.

Collaboration played a pivotal role in my success. Working alongside healthcare professionals, I engaged in thought-provoking discussions that advanced my clinical understanding. Each lesson learned has shaped me into a more competent nurse, ready to face challenges head-on.

Thank you for considering my application.

Sincerely,

Josephine Horton
