### SUMMARY

Early-career sales representative ready to help **homeowners** make confident decisions about **energy-efficient** remodeling solutions. Completed a Bachelor of Business Administration in 2026, supported by supervised experience presenting windows, roofing, and exterior products through consultative selling exercises. Built customer discovery habits by asking focused questions about comfort, maintenance, efficiency, budget, and next steps. Practiced negotiation, objection handling, product education, CRM documentation, and follow-up planning through structured appointments and weekly coaching. Earned recognition for presentation quality and customer-focused recommendations. Comfortable meeting new people, presenting clear information, working independently between appointments, and contributing during team meetings and collaborative training. Eager to learn a proven **sales process**, serve customers with care, achieve individual goals, and grow alongside experienced sales leaders at **Summit Renewal Partners**.

### EXPERIENCE

#### Academic Sales Representative Practicum

University Sales Practicum 📅 September 2025 - April 2026 📍 Ann Arbor, MI

Supported supervised consultative-selling appointments focused on energy-efficient windows, roofing, and exterior remodeling. Prepared customer presentations, documented needs, practiced **negotiation**, and applied coaching within a classroom CRM environment.

- Presented **energy-efficient** remodeling options to 30 **homeowners** during supervised consultative-selling appointments.
- Used discovery questions to match comfort, maintenance, efficiency, and budget priorities with solution packages.
- Created product comparison sheets that translated technical features into clear homeowner benefits and next steps.
- Practiced objection handling during weekly role-plays, then revised talk tracks using instructor feedback.
- Recorded appointment outcomes and follow-up commitments in a classroom CRM for consistent process execution.

### STRENGTHS

- **Customer Discovery**  
Asked focused questions during homeowner scenarios; recommendations became clearer, more relevant, and easier to act on.
- **Confident Presenting**  
Turned technical remodeling details into plain-language benefits; faculty recognized a final presentation for clear delivery.
- **Coached Improvement**  
Used weekly role-play feedback to revise talk tracks and sharpen responses. Progress showed up in later practice sessions.
- **Independent Follow-Through**  
Managed assigned appointments, notes, and follow-up commitments independently, then brought useful updates into team reviews.
- **Team Contribution**  
Shared presentation ideas during collaborative reviews and accepted peer input, helping simulated customer conversations feel more consistent.

MY CAREER

- Academic Sales Representative Practicum at University Sales Practicum (7 Months)
- Customer-Facing Sales Presentation Analyst at Student Customer Experience Lab (7 Months)

- Earned a top-three evaluation through confident delivery, accurate **product knowledge**, and customer-fit recommendations.

Customer-Facing Sales Presentation Analyst

Student Customer Experience Lab 📅 January 2025 - August 2025 📍 Ypsilanti, MI

Supported a supervised home-improvement case study through mock appointments, customer research, presentation development, and team reviews. Worked independently on assigned scenarios, then used feedback to improve service quality and solution clarity.

- Conducted 18 supervised mock appointments covering rapport, qualification, product education, and recommendations.
- Analyzed feedback forms to refine presentation pacing, question sequencing, and energy-efficiency explanations.
- Developed a seven-step appointment outline supporting discovery, value discussion, questions, and follow-up.
- Handled assigned customer scenarios **independently**, then shared lessons during weekly team reviews.
- Delivered a final presentation using visual comparisons and plain-language explanations for 24 classmates.
- Maintained case notes and follow-up templates for consistent simulated customer interactions.
