SUMMARY

Driven ETL Data Analyst eager to contribute expertise in data integration and conversion at Innovative Solutions Group. Strength lies in meticulous use of SSIS, SQL, and Oracle for seamless data migration and ensuring data quality within dynamic environments. Established track record includes creating robust ETL processes that optimize workflows and enhance accessibility across systems. Committed teamwork facilitation has empowered cross-functional partnerships, fostering a collaborative culture that yields exceptional results. Passionate about sharing knowledge and mentoring team members ultimately contributes to the success of collective goals.

EXPERIENCE

ETL Data Analyst

TechSavvy Solutions 📅 June 2021 - Present 📍 Chicago, IL

Oversee the development of SSIS templates following industry best practices, significantly enhancing data processing efficiency. Manage data migrations from outdated legacy systems into modern databases, ensuring restoration of high-quality data all along while preventing downtime. Craft close-knit collaboration with the ETL Manager and Navigators, securing flawless data transfers for clients. Execute stringent quality assurance tasks addressing conversion projects, which led to major reductions in errors and improved processes.

- Developed efficient SSIS templates that enhanced data migration effectiveness and streamlined workflows.
- Lead data transitions into corporate systems while minimizing disruption and promoting consistency.
- Engaged cross-departmentally, refining our overarching ETL approaches to advance project outputs.
- Conducted detailed quality assessments of data initiatives, impacting reduction in discrepancies.

Junior ETL Analyst

Data Dynamics Inc. 📅 January 2019 - May 2021 📍 Chicago, IL

Supported senior team members in migrating client data utilizing SSIS and similar ETL frameworks while adhering rigorously to established protocols. Help played a crucial role in documenting and elevating enhancement procedures within the ETL faculty; thus, adding valuable input throughout the transition process.

- Assisted in executing client data migrations using SSIS and other ETL tools attentively on specifications.
- Contributed towards documenting improvements allied to ETL methodologies for augmented operational productivity.
- Generated practical reports and dashboards via Excel centering on project metrics and data integrity assurances.

LEADERSHIP & AWARDS

- Recognized as Employee of the Month for outstanding data quality management in March 2023.
- Achieved a team award for excellence in project collaboration during Q4 2022.

EDUCATION

Bachelor's Degree in Management Information Systems

University of Illinois at Chicago 🎓 GPA: 3.5 📅 2018 📍 Chicago, IL

Coursework: *Data Structures, Database Management, Systems Analysis, Information Security*

CERTIFICATIONS

- Microsoft Certified: Data Analyst Associate 📅 2021
- Oracle Database SQL Certified Associate 📅 2022
