STRENGTHS

- Billing Research**
Tracked promotion and rebate questions through account history, then documented clear corrections. Teammates relied on those notes during follow up.
- Account Coordination**
Kept sales, operations, and customers aligned during service requests. A shared view of next actions made handoffs easier.
- Reporting Clarity**
Built recurring Excel reports for billing, usage, and activity. Account teams gained a practical reference for customer discussions.
- Calm Prioritization**
Balanced calls, email, Salesforce work, and changing requests across large accounts. Steady organization kept commitments visible.
- Customer Communication**
Explained account issues in plain language and shared honest next steps. Customers received useful answers rather than vague updates.

SKILLS

- Customer service Account support
- Salesforce

MS Office Suite
- Billing research
- Promotions and rebates
- Device buybacks Order processing
- Renewals

Activations
- Account reporting
- Call center support Presentations
- Problem solving
- Task management

SUMMARY

Government business customer care specialist with three years of **customer service** and account support experience through September 2026, including less than two years in a call center environment. Supports complex business accounts through billing research, order processing, renewals, activations, **equipment fulfillment**, reporting, account maintenance, and escalation resolution. Works confidently across Salesforce, **MS Office Suite**, customer portals, email, and phone support while balancing changing requests across multiple accounts. Builds clear billing, usage, and **account activity reports**, validates promotions and rebates, and keeps accurate records for sales and operations partners. Communicates account health, unresolved needs, and next actions with customers and internal teams. Ready to support federal customers with organized service, careful problem solving, and dependable follow through.

EXPERIENCE

Business Customer Care Specialist

Pinecrest Connectivity Services

March 2025 - Present

Charlotte, NC

- Supports large business accounts across billing, orders, renewals, activations, equipment fulfillment, reporting, and account maintenance. Partners with sales and operations teams through Salesforce, **customer portals**, email, and phone channels. Provides clear account health updates and keeps customer requests moving through completion.
- Resolved promotion and rebate questions through billing history research, restoring accurate account credits in Salesforce.
 - Processed portal orders and **renewals** after checking customer details, reducing avoidable account corrections.
 - Built Excel **billing** and **usage reports**, giving account teams clearer activity visibility for customer conversations.
 - Presented **account health** updates with open needs and next actions, strengthening coordination with sales partners.
 - Managed calls, email, Salesforce tasks, and reporting across large accounts, meeting commitments amid changing requests.
 - Coordinated equipment fulfillment and **activations**, keeping customer requests aligned with account records and service requirements.

Customer Service Representative

Blue Ridge Service Center

September 2023 - February 2025

Concord, NC

- Delivered phone and written **call center support** for **billing** questions, service changes, and account requests. Used MS Office Suite and customer systems to research history, document contacts, and coordinate follow up. Escalated complex issues with complete notes while maintaining current knowledge through training.
- Resolved billing and service questions through **phone support**, giving customers clear next steps during active account issues.
 - Documented account history and customer contacts in **MS Office Suite** and internal **systems** for consistent follow up.
 - Escalated billing discrepancies with complete notes, helping specialized teams review issues without repeated customer explanations.
 - Coordinated service requests with **sales** and operations contacts, keeping ownership visible through completion.
 - Applied policy, procedure, system, and product updates from training during customer conversations and account research.
 - Balanced calls, documentation, and follow up workloads while maintaining accurate records across simultaneous requests.
