Hiring Manager
TK Burger
Los Angeles
CA

Dear Hiring Manager,

I am excited to apply for the Food Truck Driver / Cook position at TK Burger, where my three years of food service experience and enthusiasm for culinary arts can meld perfectly to nourish both customers and my passion.

During my time at the University Project, I operated a food truck that served over five hundred customers daily. This fast-paced experience has strengthened my team collaboration and honed my inventory management.

In addition to my cooking skills, I believe my commitment to sanitation is vital. While working as a Culinary Assistant, I ensured compliance with food safety protocols, contributing to high health inspection scores. Such standards help prevent any potential issues that might arise.

I cherish moments when I can provide a friendly face while serving delicious meals. Building connections with customers makes each day rewarding, often leading to smiles.

Although challenges arise in busy environments, I thrive on them, convinced they foster growth. I hold a ServSafe Certification, ensuring compliance with health standards, which I see as crucial to any successful food operation.

Looking forward to discussing this further.

Thanks,

Knox Mueller
