EXPERIENCE

Food Truck Operation Team Member

University Project 📅 January 2025 - Present 📍 San Diego, CA

Managed food truck operations during university events, enhancing customer interaction and operational efficiency. Collaborating within a team environment allowed effective support across various service roles as well as hands-on preparation of food items.

- Operated and maintained the food truck efficiently during large campus events.
- Prepared diverse menu offerings following company recipes, serving hundreds of customers.
- Actively managed inventory, guaranteeing availability of necessary supplies.
- Upholding strict food safety procedures resulted in consistently high health inspection ratings.
- Collaborated with teammates during event setups and breakdowns, organizing workflows.
- Built rapport with customers through approachable service and attentive engagement.

Culinary Assistant

Student Lab 📅 September 2024 - December 2024 📍 San Diego, CA

Contributed to hands-on culinary education by assisting instructors and facilitating student learning experiences. This role sharpened skills in operational organization and reinforced adherence to food safety practices.

- Supported culinary classes by preparing instructional materials and ingredients.
- Guided peers in executing food preparation techniques while enhancing their understanding.
- Ensured a clean working environment conducive to safe cooking practices.
- Monitored inventory levels, communicating supply needs for future lessons and labs.
- Demonstrated best-in-class food handling to enhance peer learning and compliance.

Food Safety Research Assistant

University Research Lab1📅 January 2024 - August 2024 📍 San Diego, CA

LANGUAGES

MY CAREER

- Food Truck Operation Team Member at University Project (1.6 Years)
- Culinary Assistant at Student Lab (3 Months)
- Food Safety Research Assistant at University Research Lab (7 Months)

Engaged in research initiatives focused on food safety standards, working closely with academic professionals to develop better protocols for food truck operations. Produced valuable insights and training materials for local food service businesses.

- Conducted comprehensive studies on prevailing food safety methodologies and effectiveness.
- Developed tailored protocols aimed at enhancing safe food handling in mobile units.
- Collaboratively analyzed compliance data against state health regulations.
- Educated peers through workshops and presentations surrounding food safety imperatives.
- Created resource materials for food truck operators emphasizing best practices in sanitation.
