SUMMARY

Dedicated Frontend Engineer brings over 3 years of expertise in developing high-quality web applications and user interfaces. Specialized in AJAX-based interactive solutions, harnessing HTML, CSS, and JavaScript to craft dynamic user experiences. Proven collaborator with cross-functional teams, contributing significantly to AI-driven projects. Passionate about delivering engaging solutions that enhance customer experiences while ensuring scalability and efficiency. A robust foundation in software development principles facilitates addressing complex challenges and achieving measurable results. Eager to join Innovative Tech Solutions to empower businesses through innovative technology.

EXPERIENCE

Frontend Engineer

June 2021 - Present

Tech Innovations Inc.

Chicago, IL

As a Frontend Engineer, played a pivotal role in creating interfaces for customer self-service tools, enhancing usability and engagement. Collaborated with product and hardware teams in designing intuitive interfaces across mobile and desktop platforms, driving user satisfaction. Developed and implemented machine learning models focused on performance and scalability, streamlining data workflows for optimal outcomes. Leveraged AJAX libraries such as React.js and jQuery to produce highly interactive web components.

- Developed responsive user interfaces for customer self-service tools, enhancing overall usability and engagement.
- Collaborated with product and hardware teams to design interfaces for mobile and desktop applications.
- Implemented machine learning models focusing on performance and scalability, streamlining data processing workflows.
- Utilized AJAX libraries including React.js and jQuery to create interactive web components that improved the user experience.

Junior Frontend Developer

January 2020 - May 2021

Digital Solutions Co.

Chicago, IL

Assisted in developing dynamic web applications focusing on enhancing user functionality. Contributed ideas during brainstorming sessions leading to innovative features. Maintained existing applications by troubleshooting issues effectively in a Unix/Linux environment. Engaged in peer code reviews fostering a culture of continuous improvement within the team, positioning it for success.

- Assisted in the development of dynamic web applications, utilizing HTML, CSS, and JavaScript to enhance user experience.
- Participated in team brainstorming sessions to prototype innovative web features and functionalities.
- Supported the maintenance of existing applications, troubleshooting issues in a Unix/Linux environment.
- Engaged in collaborative development and code reviews, supporting a culture of continuous improvement.

LEADERSHIP & AWARDS

- Outstanding Engineer Award for innovative application designs - Tech Innovations Inc. - 2023
- Team Leadership Recognition for successful project delivery - Digital Solutions Co. - 2021

EDUCATION

Bachelor's Degree in Computer Science

2019

University of Illinois at Chicago GPA: 3.6

Chicago, IL

Coursework: Programming Languages, Software Engineering, Web Development, Data Structures

CERTIFICATIONS

- Certified Frontend Developer 2020
- AJAX Technologies Certification 2021

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, JavaScript, jQuery, AJAX
- **Frameworks:** React.js, Angular.js
- **Data Management:** RESTful APIs, Machine Learning
- **Operating Systems:** Unix, Linux
- **Design Principles:** UI/UX Design

SKILLS

- HTML
- CSS
- React.js
- Angular.js
- AJAX
- RESTful APIs
- Machine Learning
- UI/UX Design

- JavaScript
- jQuery
- Unix/Linux

PROFESSIONAL AFFILIATIONS

- Member of the Chicago UX Meetup, engaging with local professionals and sharing knowledge.
- Participant in Hackathon events focused on improving community tech solutions.

LANGUAGES

- English (Native)
- Spanish (Proficient)
