

Vera Hansen

Full Stack Engineer

📞 (512) 555-1234 ✉ vera.hansen@email.com 🔗 linkedin.com/in/verahansen 📍 1234 Elm St, Austin, TX 73301

STRENGTHS

- Collaborative Leadership**
Built a collaborative culture fostering team-based problem solving and innovation among peers.
- Adaptable Problem Solver**
Thrived in ambiguous settings, crafting solutions quickly and efficiently under pressure.
- Technical Mentorship**
Emphasized technical growth through mentoring, helping others reach their fullest potential.
- Proactive Communication**
Initiated regular check-ins with team members, significantly improving alignment and cohesiveness.
- Results-Oriented Mindset**
Focused consistently on results, advocating metrics-driven decision making throughout projects.

SKILLS

TypeScript React Python
RESTful APIs Kubernetes CI/CD
Agile Methodologies
Cloud Computing Microservices
Problem Solving API Development
Cross-Functional Collaboration
Software Testing System Design
Release Management

SUMMARY

Dedicated Full Stack Engineer with over five years of experience delivering robust applications. Successfully designed and implemented scalable systems incorporating AI features, ensuring high reliability across both frontend and backend domains. Flourished in cross-disciplinary teamwork, leading initiatives that championed collaboration with stakeholders from all levels. Continuously developed front-end frameworks utilizing TypeScript and React while building out powerful microservices using Python. A passionate mentor who nurtures junior engineers, enhancing team efficiency through shared knowledge. Excited about the opportunity to enrich TechInnovate Solutions' innovations further.

EXPERIENCE

Full Stack Engineer

TechSolutions Inc. 📅 June 2023 - Present 📍 Dallas, TX

At TechSolutions Inc., oversee the development and maintenance of feature-rich web applications. Focus on integrating AI into user experiences while streamlining backend performance. Manage projects from conception through testing and production, creating efficient solutions for users.

- Developed responsive web applications utilizing TypeScript and React.
- Engineered backend services in Python, driving significant system stability.
- Collaborated closely with product managers translating visual designs into functional software features.
- Mentored junior developers, establishing an environment centered around career growth and knowledge sharing.

Software Engineer

WebDev Corp 📅 July 2021 - May 2023 📍 Fort Worth, TX

Contributed to innovative cloud-based applications during a crucial development phase at WebDev Corp. Involved deeply in implementing CI/CD pipelines, which transformed deployment processes. Provided support across multiple teams promoting seamless software functionality.

- Played an integral role in the full software development lifecycle.
- Established reliable CI/CD pipelines improving release efficiencies.
- Actively troubleshooted numerous production issues, maintaining strong uptime.
- Communicated effectively with cross-functional teams ensuring shared goals.

Junior Software Developer

CodeCraft Labs 📅 August 2019 - June 2021 📍 Houston, TX

Engaged collaboratively at CodeCraft Labs, contributing towards various developmental projects aimed at enhancing application scalability. Gained valuable exposure to RESTful APIs along the journey.

- Worked within agile teams to improve existing applications, facilitating numerous project transitions.
- Gained experience managing RESTful API integrations and database interactions.
- Participated actively in scrum rituals including planning, reviews, and retrospectives.
- Sustained visibility by presenting project improvements to engage stakeholders.

LEADERSHIP & AWARDS

- Employee of the Month at TechSolutions for exceptional project contributions.
- Recognized for outstanding mentorship in support programs for junior staff.

LANGUAGES

English Native

Spanish Proficient

MY CAREER

● Full Stack Engineer at TechSolutions Inc. (3 Years)

● Software Engineer at WebDev Corp (1.8 Years)

● Junior Software Developer at CodeCraft Labs (1.8 Years)

EDUCATION

Bachelor's Degree in Computer Science

University of Texas at Austin 🎓 GPA: 3.8 📅 2019 📍 Austin, TX

Coursework: Data Structures, Software Engineering, Web Development, Database Management

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA) 📅 2022
- AWS Certified Developer – Associate 📅 2022

TECHNICAL SKILLS

- **Frontend Technologies:** TypeScript, React, HTML/CSS
- **Backend Services:** Python, Node.js
- **Cloud Technologies:** AWS, Azure, Docker
- **Development Tools:** Git, Jenkins, Postman
- **Project Management Tools:** JIRA, Trello, Asana
- **Agile Methodologies:** Scrum, Kanban
- **Testing Frameworks:** JUnit, Mocha, Jasmine
- **Database Management:** MySQL, MongoDB, PostgreSQL
- **API Development Tools:** Swagger, GraphQL
- **Monitoring Tools:** Prometheus, Grafana, ELK Stack

PROFESSIONAL AFFILIATIONS

- Member of Women Who Code, focusing on supporting gender diversity in tech.
- Participant in local hackathons promoting coding skills development.
