SUMMARY

Dedicated Full Stack Engineer with over five years of experience delivering robust applications. Successfully designed and implemented scalable systems incorporating AI features, ensuring high reliability across both frontend and backend domains. Flourished in cross-disciplinary teamwork, leading initiatives that championed collaboration with stakeholders from all levels. Continuously developed front-end frameworks utilizing TypeScript and React while building out powerful microservices using Python. A passionate mentor who nurtures junior engineers, enhancing team efficiency through shared knowledge. Excited about the opportunity to enrich TechInnovate Solutions' innovations further.

EXPERIENCE

Full Stack Engineer June 2023 - Present
TechSolutions Inc. *Dallas, TX*

At TechSolutions Inc., oversee the development and maintenance of feature-rich web applications. Focus on integrating AI into user experiences while streamlining backend performance. Manage projects from conception through testing and production, creating efficient solutions for users.

- Developed responsive web applications utilizing TypeScript and React.
- Engineered backend services in Python, driving significant system stability.
- Collaborated closely with product managers translating visual designs into functional software features.
- Mentored junior developers, establishing an environment centered around career growth and knowledge sharing.

Software Engineer July 2021 - May 2023
WebDev Corp *Fort Worth, TX*

Contributed to innovative cloud-based applications during a crucial development phase at WebDev Corp. Involved deeply in implementing CI/CD pipelines, which transformed deployment processes. Provided support across multiple teams promoting seamless software functionality.

- Played an integral role in the full software development lifecycle.
- Established reliable CI/CD pipelines improving release efficiencies.
- Actively troubleshooted numerous production issues, maintaining strong uptime.
- Communicated effectively with cross-functional teams ensuring shared goals.

Junior Software Developer August 2019 - June 2021
CodeCraft Labs *Houston, TX*

Engaged collaboratively at CodeCraft Labs, contributing towards various developmental projects aimed at enhancing application scalability. Gained valuable exposure to RESTful APIs along the journey.

- Worked within agile teams to improve existing applications, facilitating numerous project transitions.
- Gained experience managing RESTful API integrations and database interactions.
- Participated actively in scrum rituals including planning, reviews, and retrospectives.
- Sustained visibility by presenting project improvements to engage stakeholders.

LEADERSHIP & AWARDS

- Employee of the Month at TechSolutions for exceptional project contributions.
- Recognized for outstanding mentorship in support programs for junior staff.

EDUCATION

Bachelor's Degree in Computer Science 2019
University of Texas at Austin GPA: 3.8 *Austin, TX*

Coursework: Data Structures, Software Engineering, Web Development, Database Management

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA) 📅 2022
- AWS Certified Developer – Associate 📅 2022

TECHNICAL SKILLS

- **Frontend Technologies:** TypeScript, React, HTML/CSS
- **Backend Services:** Python, Node.js

- **Cloud Technologies:** AWS, Azure, Docker
- **Development Tools:** Git, Jenkins, Postman
- **Project Management Tools:** JIRA, Trello, Asana
- **Agile Methodologies:** Scrum, Kanban
- **Testing Frameworks:** JUnit, Mocha, Jasmine
- **Database Management:** MySQL, MongoDB, PostgreSQL
- **API Development Tools:** Swagger, GraphQL
- **Monitoring Tools:** Prometheus, Grafana, ELK Stack

SKILLS

- TypeScript
- React
- Python
- RESTful APIs
- Kubernetes
- CI/CD
- Agile Methodologies
- Cloud Computing
- Microservices
- Problem Solving
- API Development
- Cross-Functional Collaboration
- Software Testing
- System Design
- Release Management

PROFESSIONAL AFFILIATIONS

- Member of Women Who Code, focusing on supporting gender diversity in tech.
- Participant in local hackathons promoting coding skills development.

LANGUAGES

- English (Native)
- Spanish (Proficient)
