123 Main St, Springfield, IL 62701

### STRENGTHS

- Strong Collaboration**  
Excelled in working closely with diverse teams, gaining recognition from peers for impactful teamwork.
- Analytical Problem-Solving**  
Investigated and addressed challenges creatively within projects, highlighting resourcefulness recognized by management.
- Adaptability**  
Quickly adjusted strategies based on evolving project needs, continually learning new technologies to stay relevant.
- Technical Proficiency**  
Demonstrated mastery in modern languages, applying this skill in practical scenarios effectively.
- Creativity**  
Proposed unique features that invigorated project outcomes, resonating positively with user experiences.

### SKILLS

Python JavaScript HTML CSS  
React Node.js Django Flask  
Git SQL REST APIs Agile  
Testing Debugging UI/UX Design  
Web Development Frameworks

### LANGUAGES

English Native  
Spanish Intermediate

### SUMMARY

Motivated full-stack developer dedicated to creating dynamic web applications with Python and JavaScript. Developed operational efficiencies through innovative solutions in a collaborative setting. Analytical problem-solver eager to contribute technical expertise. Passionate about leveraging technology for enhanced performance. Seeking a challenging internship opportunity to further skills while delivering value to projects.

### EDUCATION

#### Bachelor's Degree in Computer Science

University of Illinois GPA: 3.7 2023 Champaign, IL

**Coursework:** Software Engineering, Data Structures, Web Development, Database Management

### TECHNICAL SKILLS

- Programming Languages:** Python, JavaScript
- Front-End Frameworks:** React, Vue.js
- Back-End Technologies:** Node.js, Django, Flask
- Database Management:** MySQL, PostgreSQL
- Version Control Tools:** Git, GitHub
- Testing Frameworks:** Jest, Mocha
- Containerization Tools:** Docker, Kubernetes
- API Development:** RESTful Services, GraphQL
- Development Methodologies:** Agile, Scrum
- Deployment Techniques:** CI/CD, Heroku

### EXPERIENCE

#### Full-Stack Software Developer

Creative Solutions Corp January 2025 - Present Chicago, IL

Lead developer on multiple full-stack web applications improving business operations. Collaborated cross-functionally for streamlined design aligned with user requirements and company goals. Championed robust testing and debugging ensuring top-tier quality.

- Crafted dynamic applications enhancing internal processes.
- Partnered with teams to understand user specifications.
- Executed rigorous tests maintaining best coding practices.
- Analyzed feedback leading to notable enhancement proposals.

#### Junior Software Engineer

Tech Ventures LLC June 2023 - December 2024 Naperville, IL

Contributed to tool development aimed at boosting team efficiency and project oversight. Applied clean programming techniques with Python and JavaScript essential for both frontend and backend functionality.

- Supported creation of productivity-enhancing tools.
- Utilized modern frameworks integrating client requirements.
- Conducted peer reviews driving code quality forward.
- Participated in knowledge-sharing sessions fostering development culture.

### LEADERSHIP & AWARDS

- Recipient of the Campus Innovation Award for software solutions implemented in academic settings.
- Honored as 'Outstanding Project Leader' during university tech competitions.

## MY CAREER

---

● Full-Stack Software Developer at Creative Solutions Corp (1.4 Years)

● Junior Software Engineer at Tech Ventures LLC (1.5 Years)

## CERTIFICATIONS

---

- Certified JavaScript Developer 📅 2024
- Python Programming Certification 📅 2023

## PROFESSIONAL AFFILIATIONS

---

- Active member of the University Coding Club promoting collaboration among peers.
- Participant in local hackathons fostering innovation and teamwork.

## ADDITIONAL INFORMATION

---

**Work Status** : Authorized to work in United States. No sponsorship required.
