EXPERIENCE

Financial Analyst Intern

University Project 📅 January 2026 - Present 📍 Chicago, IL

Contributed to a simulated investment portfolio aimed at practical learning in finance. Exceeded expectations in preparing marketing materials and financial models that resonate well with target audiences.

- Collaborated with a diverse team to construct advanced financial models, enhancing understanding of financial patterns.
- Prepared extensive marketing documents for potential investors showcasing detailed metrics and strategic insights.
- Conducted thorough research generating a report praised for its clarity and depth during academic review sessions.
- Maintained critical documentation including deal tracking to oversee project timelines and performance evaluations.
- Participated in peer evaluations ensuring only top-notch project quality was maintained across all deliverables.
- Gained proficiency in leading financial tools that streamlined reporting processes and improved analytical outputs.

Finance Research Assistant

Academic Research 📅 September 2025 - December 2025 📍 Chicago, IL

Assisted faculty in fundamental research focusing on optimizing corporate finance strategies. Aimed at clearing regulatory hurdles while providing actionable insights on best practices.

- Supported pioneering research on capital structure which contributed to a journal publication on emerging finance topics.
- Synthesized data from reputable databases to ensure precision in outcomes reflecting contemporary industry standards.
- Crafted presentations tailored for academic conferences, engaging peers through clear public speaking and visuals.
- Coordinated activities among research affiliates fostering collaborative efforts towards seamless goal achievement.
- Engaged in compiling comprehensive literature efforts promoting a nuanced perspective on finance regulations.
- Enhanced expertise in compliance issues impacting investments and corporate risk exposure at a deeper level.

Market Analysis Team Member

Course Project 📅 January 2025 - May 2025 📍 Chicago, IL

Led an intensive semester project scrutinizing real-time financial performance of publicly traded companies. Engaged colleagues by creating presentations to share lucrative strategic takeaways.

- Analyzed financial health using various ratios along with cash flow trends contributing substantive insights into growth metrics.
- Presented compelling findings alongside visuals received warmly during reviews emphasizing project's analytical depth.
- Diligently conducted competitive analyses revealing potential expansion paths aligned with core business strategies.
- Joined forces with a dedicated team allowing for healthy brainstorming resulting in innovative recommendations based on solid evidence.
- Utilized data visualization tools sparking conversations that ultimately enriched subsequent data interpretation discussions.
- Nurtured collaborative dynamics aimed at yielding effective solutions commonplace in fast-paced corporate settings.
