STRENGTHS

- 🔍 **Evidence Collection**
During facility assessments, organized records by requirement so reviewers could trace each finding with confidence.
- ♥️ **Clear Reporting**
Inspection summaries turned detailed observations into readable discussion material, and teams knew where action belonged.
- ✅ **Quality Review**
Feedback from quality reviews shaped later inspection methods, making each assessment more consistent and useful.
- 👥 **Staff Instruction**
Documentation sessions gave staff practical guidance, and peers returned with questions when difficult cases arose.
- 💬 **Team Communication**
Clinical and administrative partners received timely follow up, which kept complaint reviews moving without confusion.

SUMMARY

Health compliance inspector with six years of experience supporting **healthcare quality programs**, facility assessments, complaint review, regulatory documentation, and inspection workflows. Conducts structured reviews, gathers evidence, documents observations, prepares **compliance findings**, and applies healthcare standards during facility activities. Experience includes quality assurance reviews, readiness assessments, reporting, staff instruction, and follow up communication with clinical and administrative teams. Uses Microsoft Office for organized records, reports, tracking materials, and review summaries. Strong written and verbal communication supports clear findings and productive discussions with healthcare personnel. Comfortable with field travel, facility visits, extended standing, walking, **professional inspection equipment**, required surveyor training, and continuous **professional development**. Brings practical judgment and careful documentation that support safe, compliant healthcare operations and dependable regulatory reporting.

EXPERIENCE

Health Compliance Specialist

MountainCare Network 📅 January 2023 - Present 📍 Aurora, CO

Supports **healthcare compliance** reviews, facility assessments, complaint documentation, **quality assurance** activities, staff instruction, and regulatory reporting. Works with healthcare teams to organize evidence, clarify observations, and strengthen inspection methods.

- Evaluated facility processes and records during compliance reviews, clarifying gaps for quality discussions.
- Organized assessment **evidence** by regulatory requirement, helping reviewers trace **observations** through supporting records.
- Prepared inspection summaries in **Microsoft Office**, giving teams clear material for improvement meetings.
- Reviewed complaint documentation and follow up notes, helping resolve questions through organized communication.
- Applied quality review feedback during later assessments, improving consistency across **inspection workflows**.
- Trained staff on documentation expectations, making compliance practices easier to follow during daily operations.

Healthcare Quality Coordinator

Health Quality Partners 📅 June 2020 - December 2022 📍 Denver, CO

Coordinated **healthcare** quality documentation, facility readiness activities, educational sessions, reporting, and operational assessments. Partnered with clinical and administrative teams to identify process gaps and support dependable compliance preparation.

- Reviewed service documentation against quality expectations, helping teams spot process gaps before formal assessments.
- Maintained compliance records in **Microsoft Office**, giving quality meetings dependable reporting material.
- Built facility readiness checklists, helping staff organize operational **evidence** before review activities.
- Coordinated educational sessions on procedures and documentation, supporting clearer practice across participating teams.
- Tracked review findings and follow up actions, keeping improvement conversations focused and actionable.
- Collaborated with clinical and administrative partners, turning shared **observations** into practical quality initiatives.

MY CAREER

● Health Compliance Specialist at MountainCare Network (3.7 Years)

● Healthcare Quality Coordinator at Health Quality Partners (2.5 Years)

PROJECTS

Facility Readiness Review 📅 2022

Coordinated a readiness review with clinical and administrative partners. Shared checklists, compared documentation, and helped teams close gaps before formal quality discussions.

Complaint Documentation Workflow 📅 2024

Supported a complaint review workflow through evidence organization, record comparison, and follow up communication. Clear documentation helped reviewers reach consistent findings.

LEADERSHIP & AWARDS

- Recognized by quality leadership for dependable compliance documentation and clear inspection summaries.
- Selected to provide staff instruction on documentation practices and healthcare compliance expectations.
- Commended by project partners for organized facility readiness support and constructive communication.
